ELECTION COMMISSION OF INDIA

NOTIFICATION

. 82|WB|1|69.—6th August 1970.—In pur- : of section 106 of the Representation of the e Act, 1951, the Election Commission hereby hes the Order, pronounced on 25th March by the High Court at Calcutta in Election on No. 1 of 1969.

ELECTION PETITION CASE

No. 1 of 1969

THE HIGH COURT AT CALCUTTA

ELECTION PETITION JURISDICTION

Present:

ie Hon'ble Mr. Justice SANKAR PRASAD MITRA

March 25, 1970

e matter of an Election Petition under the Representation of the People Act, 1951

And

In the matter of etc.

And

In the matter of Netai Das—Petitioner

versus

epal Chandra Roy and ors.—Respondents.

E COURT: In this petition numerous allega- of corrupt practices under the Representation People Act, 1951, have been made against spondent No. 1 who is the returned candidate, ection agent and other agents. Attempts were to lead evidence on most of the allegations in the petition but learned Counsel for the petitioner in his concluding arguments confined himself only to a few of them. If he had made up his mind earlier and if a discretion had been exercised in calling witnesses on points which the petitioner's Counsel ultimately relied on the scope of this petition could have been considerably restricted and much of the Court's time would have been saved. In this judgment, therefore, I propose to confine myself only to those allegations which were finally pressed for having the election set aside. The constituency in question is the Jorabagan Assembly Constituency and the election challenged is the mid-term election of this constituency in 1969.

The Issues framed herein are as follows:—

1. Do the allegations contained in paragraph 7 of the petition and the sub-paragraphs thereunder constitute corrupt practices. If so, was any such corrupt practice committed by the respondent No. 1 or his election agent or by any person with the consent of the respondent No. 1 or his election agent or by any other agent in the interest of the respondent No. 1?

2. Is the petition liable to be rejected on the grounds stated in paragraphs 28(a) and (b) of the written statement?

3. To what relief, if any, is the petitioner entitled?

Before I discuss Issue No. 1, I may reiterate the principles which I summarised in my judgment delivered on September 26, 1967, in Election Petition No. 7 of 1967 (*Rama Prasad Roy Chowdhury* versus *Baidyanath Bandyopadhaya and others*). My attention has not been drawn to any judgment either

of the Supreme Court or of any other Court in which these principles have been departed from in any manner whatsoever. The principles are:

1. In pleading corrupt practices it should always be remembered that charges of corrupt practices are quasi-criminal in character and that allegations relating thereto must be sufficiently clear and precise to bring home the charges to the candidates; *Harish Chandra Bajpai* versus *Triloki Singh,* AIR 1957 S.C. 444 at page 456, paragraph 25.

2. The burden of proving that the election of a successful candidate is liable to be set aside on the plea that he was responsible directly or through his agent for corrupt practices at the election, lies heavily upon the applicant to establish his case, and unless it is established in both its branches, that is, the commission of acts which the law regards as corrupt, and the responsibility of the successful candidate directly or through his agent or with his consent for its practice not by mere preponderance of probability, but by cogent and reliable evidence beyond any reasonable doubt, the petition must fail: *Jagdev Singh* versus *Pratap Singh,* AIR 1965 S.C. 183; and *S. Kandeswami* versus *S. D. Adityam,* AIR 1960 Mad. 170.

[Incidentally in Civil Appeal No. 1449 (NCE) of 1958 (*Dr. M. Chenna Reddy* versus *V. Ramachandra Rao and anr.*) the Supreme Court has used the expression "beyond a shadow of doubt"; but, in substance, there is no difference between "beyond any reasonable doubt" and "beyond a shadow of doubt"].

3. The reason why corrupt practices must be established by cogent and reliable evidence beyond any reasonable doubt is that the proof of the charge has a double consequence; the election of the returned candidate is set aside and he incurs subsequent disqualification as well under sections 8A and 99 of the Representation of the People Act, 1951; *Jagjit Singh* versus *Kartar Singh,* AIR 1966 S.C. 773.

4. A corrupt practice cannot be held to be proved merely on the ground that no specific denial has been made in the returned candidate's written statement; strict rules of pleadings prescribed by Order 8, Rule 5 of the Code of Civil Procedure, cannot be blindly invoked in election proceedings involving corrupt practices; in fact, in such proceedings the proviso to Rule 5, Order 8, has to be kept in view, namely, "that the Court may in its discretion require any fact so admitted to be proved otherwise than by such admission": *Jagjit Singh* versus *Kartar Singh,* AIR 1966 S.C. 773.

5. The main onus, the burden of proof as a matter of law and as a matter of adducing evidence, is on the person who challenges any election on the ground of corrupt practice; but if he has adduced sufficient evidence the burden of adducing evidence shifts to the returned candidate. When, however, the entire evidence has adduced the burden of proof bec merely academic: *Sheopal Singh* versus *Pratap,* AIR 1965 S.C. 677 and *Ku Nand* versus *Brij Mohan,* AIR 1967 808.

6. When witnesses called by an election pe to establish his charge of corrupt pr are partisan or interested witnesses, Court has to be very careful in wei their evidence; whether or not there discrepancies in the evidence, whethe not the evidence strikes the Cour genuine; whether or not the story disc by the evidence is probable are all m which must be taken into account. In words, the judicial approach has to cautious in dealing with such evi which must be weighed and revalued o intrinsic worth in the background of relevant surrounding circumstances; *M* versus *State of Uttar Pradesh,* AIR S.C. 202 and *Prithvi Singh* versus *Singh,* AIR 1956 Punjab, 463.

It is in the light of these principles that we to examine each of the allegations of corrupt prac which learned Counsel for the petitioner ultim relied on at the hearing before this Court. T allegations have been made in paragraphs 7(b and (ii), 7(c), 7(j), 7(k) and 7(m) of the peti All other allegations of corrupt practices in petition, as I have already stated, were given u the final stage of hearing of this petition.

In paragraph 7(b)(i) and (ii) of the petition alleged that with the consent of the respondent N who is the returned candidate and his election a certain police officers including the Officer-in-ch of the Jorbagan police-station were canvassing v on behalf of the respondent No. 1 on the polling and on other days. In giving particulars of t allegations in clauses (i) and (ii) of paragraph 7 it is stated that at Jorabagan Park there were a polling stations. The said Officer-in-charge stoo front of these stations and instructed and advised p Bengali voters to vote for the Congress, that is, respondent No. 1; he did that throughout the and on several occasions he was joined by respondent No. 1 in whose presence he carried these activities. In clause (ii) the allegation is there was a polling station at the S.B. Modern H School at No. 13, Prasanna Kumar Tagore Street; Sub-Inspector of Police (whose name was not kno to the petitioner as he was not attached to Jorabagan police-station) was found to canvass vo for respondent No. 1 of non-Bengali voters. T police officer also, according to the petitioner, can on his activities throughout the day and on sev occasions the respondent No. 1 and his elect agent also joined him.

Now, obtaining or procuring the assistance members of the police forces for the furtherance the prospects of a candidate's election is a corr practice under section 123(2)(7) of the Represen tion of the People Act, 1951. There is also a prohi tion against members of the police force tryin influence the voting of any person at an election any manner under sub-section (2) of section 1 and it is punishable with imprisonment under s section (3) which may extend to six months or w

or with both. The petitioner verifies that the gations in paragraph 7(b)(i) and (ii) are true his knowledge. Let us, therefore, see how far the itioner himself has suceeded in proving these gations which are denied in paragraph 7 of the tten statement of the respondent No. 1.

The petitioner has said that on the polling day he ved about the Jorabagan Constituency and visited the polling stations once or twice throughout the . At the Jorabagan Park Polling Station at about 0 a.m. he saw a long queue of non-Bengali voters. e Talukdar, the Officer-in-charge of the Jorabagan ice-station, was there with two or three constables. Congress candidate also stood by the Officer-in-rge. The Officer-in-charge was asking the voters vote for Congress and put the seal on the yoked locks. He was dressed in white uniform (qs. 344 368). According to the petitioner, the Officer-in-rge was asking the voters "in a whispering tone" vote for the Congress candidate. The petitioner od near the Officer-in-charge and could hear the spers (qs. 369 to 372). There were no worker of ra Prasad Chatterjee, the C.P.I.(M) candidate rby. The petitioner did not try to locate the tion camp of Hara Prasad Chatterjee near the abagan Park. He realised that what the Officer-harge was doing, was entirely wrong; but he did protest. He did not take any step also to inform ra Prasad Chatterjee or his workers immediately the behaviour of the said Officer-in-charge (vide 375 to 390). He saw this incident at about 8-30 . but spoke about it to Hara Prasad Chatterjee's kers between 4 and 5 p.m. after the election was r; vide qs. 398 and 399. The witness then nged his answer slightly and said that about 3 . he went to a house in Pathuriaghata Street and ke about the incident there (qs. 401 to 406). The ness went back to the Jorabagan Park at 1-20 . or 2 p.m. and saw the same Officer-in-charge carrying on the same type of illegal activities. In morning Nepal Roy, the returned candidate, was the Officer-in-charge; but in the afternoon the ness did not see him there (qs. 411 to 424). As S.B. Modern High School the witness saw another nown police officer canvassing votes for Nepal of non-Bengali voters in the presence of Nepal his election agent Bajranglal More. This incident pened in the morning. The witness again went to S.B. Modern High School at 12-30 or 1-00 p.m. saw the same Officer-in-charge canvassing llarly. But he does not recollect who else was e with him this time (qs. 425 to 434).

n paragraph 7(b)(ii) the petitioner's charge is the Officer-in-charge canvassed for Nepal Roy re the Jorabagan Park police-station "almost ughout the day". And this charge is verified as to the petitioner's knowledge. In his evidence the tioner speaks of only two visits by him to the polling station once in the morning at about a.m. for about 5 to 10 minutes and once in the noon at about 2 p.m. for more or less the same h of time and he deposed before this Court that bserving the Officer-in-charge's activities on these occasions he presumed that the police officer t on with his convassing throughout the day qs. 1444 to 1459). The same allegation has repeated with respect to the S.B. Modern ol in paragraph 7(b)(ii) of the petition which is also verified as true to the petitioner's knowledge; but in his evidence the petitioner has talked of two visits only to the S.B. Modern School once at about 9-30 a.m. and once at about 1-30 or 2 p.m. and each of these visits lasted for three or four minutes only. When confronted with paragraph 7(b)(ii) in cross-examination the petitioner states: "I want to say that I saw the incidents taking place and thereafter there were discussions in the locality about these incidents and many persons were discussing about this and I gathered the impression from what I had seen with respect to this incident." According to the petitioner many persons knew that these incidents were taking place; but he did not give me the names of such persons: vide qs. 1461 to 1490.

From the petitioner's evidence discussed above it is apparent that no reliance can be placed on his statements so far as these allegations are concerned. Recklessly, he has stated in the petition in paragraph 7(b)(i) and (ii) that police officers canvassed for the Congress candidate before two polling stations throughout the day. He verified that his allegation was true to his knowledge but could not sustain this verification on the witness box. I also do not believe him when he says that he saw such activities once in the morning and once in the afternoon. If he had seen such activities, his immediate reaction would have been to get in touch with Hara Prasad Chatterjee's workers with a view to prevent these illegalities particularly when he had repeatedly told me that he was interested in a free and fair election (vide, for instance, q. 275). He could not explain to me satisfactorily why he did not take effective steps to stop the illegalities alleged to have been perpetrated openly by an Officer-in-charge of a police-station and another police officer.

There are two other witnesses on the conduct of police officers as aforesaid whose evidence may be briefly discussed. Hara Prasad Chatterjee in qs. 27 and 28 has stated that it was Sakti Pada Ghosh and not the petitioner who told him about the canvassing by the Officer-in-charge in front of the Jorabagan Park Polling Station. In qs. 382 and 383 he has said that he heard from one Sisir Roy that a Sub-Inspector of Police was canvassing for the Congress candidate before the S.B. Modern High School; he requested the Sub-Inspector not to indulge in such activities and the Sub-Inspector denied that he was doing so. Sisir Roy has not been called to substantiate Hara Prasad's statements. Hara Prasad admits, however, that he did not see the Sub-Inspector engaged in any illegal acts (q. 384). Hara Prasad visited the Jorabagan Park Polling Station at 8 or 8-15 in the morning; he saw the Officer-in-charge there; but he did not see him either canvassing votes or talking to any Congress worker (qs. 387 to 395). Hara Prasad's workers had complained to him about Talukdar's activities. Hara Prasad advised them to lodge protests. He did not speak to the Officer-in-charge because his relationship with him was not cordial. He did not speak about it to the Officer-in-charge of the Polling Station either; but only instructed his workers to complain (qs. 408 to 411). These answers of Hara Prasad gave me the impression that he did not attach any importance to the complaints of his workers. Moreover, Hara Prasad did not say that any of the police officers abovementioned canvassed votes for

the Congress candidate either in the presence of Nepal Roy or his election agent. I have no doubt that the petitioner untruly stated before me that police officers were canvassing for Nepal Roy in his presence or in the presence of Nepal's election agent.

Let us now discuss the evidence of Sakti Pada Ghosh who is a Councillor of the Corporation of Calcutta and was a candidate in the Corporation election supported by the C.P.I. (M). Sakti Pada said that he visited the Jorabagan Park Polling Station at about 10 a.m. He heard the Officer-in-charge whispering to voters to put their marks on the Congress symbol. He protested to the Officer-in-charge who ultimately threatened to arrest him and he had come out of the park (qs. 199 and 200). In q. 542 Sakti Pada has said: "I had marked him (i.e., Talukdar, the Officer-in-charge) from outside the park and from the manner in which he was talking it appeared to me that perhaps he was canvassing votes. But I wanted to be sure as to what he was telling the voters or for whom he was canvassing and for that purpose I entered the park and went very close to him". Sakti Pada heard that Talukdar was whispering to voters to persuade them to vote for the Congress candidate (q. 548). According to Sakti Pada, Talukdar knew that Sakti Pada was working against the Congress party. And when Sakti Pada protested to Talukdar he chased Sakti Pada, threatened to arrest him and asked him to go out of the park (qs. 548 to 551).

To me Sakti Pada's evidence appeared to be absurd. I cannot believe that an Officer-in-charge of a police-station, even if he were inclined to, would take the risk of canvassing votes for a particular candidate openly in broad daylight, especially in the presence of well-known supporters of the candidate's adversary. Sakti Pada has stated to me that Talukdar and other police officers were "mad about" getting Nepal Roy elected because otherwise "things would be quite difficult for them" (q. 551). But I have no evidence to show that the United Front Government had taken any action against Talukdar or any of his the then colleagues now that the Congress party has been miserably defeated at the polls.

Nepal Roy in his written statement as well as in his evidence has denied the allegations in paragraph 7(b)(i) and (ii) of the petition. I hold that the petitioner has not proved these allegations before me.

In paragraph 7(c) of the petition it is alleged that on the election day, that is, on the 9th February 1969, H. P. Saha, a Sub-Inspector of the Jorabagan police-station, had been canvassing votes for the respondent No. 1 (that is, Nepal Roy) throughout the election day quite openly. This police officer had always been a close friend of the respondent No. 1 and on the election day he was joined on several occasions by the respondent No. 1 and they jointly canvassed for votes. This officer arrested some workers of the respondent No. 3 (that is, Hara Prasad Chatterjee) from a camp office of the respondent No. 3 located at No. 187, Maharshi Debendra Road, Calcutta, without any reason at about 3 p.m. on the election day. The police officer took away all the voters, lists and other paper lying at that office. The workers of the respondent No it is alleged, could not thereafter give any assista to electors approaching them for information reg ing their registration numbers and locations of t polling booths. It is stated that these arrests cre great terror in the locality and many electors not come to vote at all. The arrested persons v not released in spite of protests by the contes candidates other than the respondent No. 1. names of the arrested persons were Rajesh M Radheysham Singh, Sibapada Nandy, Lachman Sh Anadi Bishal, Dayanidhi Dalui, Amal Sarkar, Kan Saha and Kamal Paul.

Taking the assistance of any number of the po force for furtherance of the prospects of a candida election is a corrupt practice under section 123 of the Representation of the People Act, 19 Threatening an elector with injury of any kind is interference with the free exercise of electoral r under sub-section (2) of section 123 of the Act is a corrupt practice.

The allegations in paragraph 7(c) of the peti may come within the purview of the afore provisions. These allegations are based on infor tion received from various persons including Prithish Sen of No. 187 Maharshi Debendra Ro They have denied in paragraph 8 of the wri statement of Nepal Chandra Roy.

Prithish Sen has not been called at all. Netai I the petitioner, has stated that the incidents he described in paragraph 7(c) of the petition are based on information received from Prithish Netai does not know whether Prithish Sen is a wo of the C.P.I. (M). Prithish and Sakti Pada h their 'Kotgolas' side by side. Netai knows that S Pada is a worker of C.P.I. (M) and Prithish Sakti Pada are also known to each other (qs. 1 to 1521). In q. 1529, referring to the alleged inci at 187 Maharshi Debendra Road, Netai Das sta "I have no personal knowledge about that inci and I was not an eye-witness to that incident. I h said about that incident immediately after I heard about it from Prithish Sen."

It is apparent that Prithish Sen was the m material witness on paragraph 7(c) of the petitio And in his absence this Court has to hold that allegations have not been proved; but since two of witnesses have spoken of this incident let us l into their evidence as well.

Sakti Pada Ghosh describes the incident alleged paragraph 7(c) in these words: "There was incident at 187 Maharshi Debendra Road which within 'Kotgola' area. There the police had ta resort to lathi-charge and they did not even spare ladies. They have broken up our chairs, they h snatched away our papers and they have arre 17 to 18 of our workers; the Congress workers one side charged us with bombs and the police on other side attacked us with lathis; so we w attacked from both sides at this place."

It is interesting to observe that in paragraph 7 of the petition nothing is stated about (a) indis minate lathi-charge by the police, (b) attack Congress workers with bombs and (c) arrest of m than 9 persons. In q. 232 Sakti Pada says that did not see the incident himself; but on receiv

ormation he came to the office and saw the ndition of the office after the police onslaught. He not however lodge any complaint with the police-tion (q. 233). His case is that the police was rking in the interest of Nepal Roy (q. 236). Sakti Pada's evidence is of no use to this Court as was making reckless allegations without any sonal knowledge.

Hara Prasad Chatterjee was informed of this ident at 3-30 p.m. when he was at B.K. Pal Park 382). In q. 378 his description of the incident "At 187 (Maharshi Debendra Road), some ople who were working for the Congress came and acked our camp office and threw some crackers d bombs and our camp office was practically stroyed and just after that one Malay Das who s a Congress worker came along with a Police b-Inspector Saha and others and they started esting our workers and also beating them, some them also destroyed the furniture of some of the ips and 'Katgola' there."

Again, there is vast difference between what Hara sad has deposed and what is stated in the petition. appears further that on 9th February 1969, Hara sad at 4-18 p.m. addressed a letter (marked hibit "L") to the Returning Officer complaining out this incident. In this letter apart from naming alay Das, he has stated that a lady called Alpana ha and one Ashim Kumar Saha were also arrested. ither the name of Malay Das nor the names of pana Saha and Ashim Kumar Saha is or are ted in paragraph 7(c) of the petition. Hara Prasad s in q. 1004 that he mentioned about exhibit "L" Mr. Salil Ganguly, the petitioner's advocate; but q. 1114 he has said that he did not speak about ither to Ganguly or to Netai, the petitioner. cording to him he had handed over exhibit "L" the Assistant Returning Officer and there was no by in his possession (q. 1002).

From the evidence discussed above, leaving aside denials of Nepal Roy and Malay Das, it is ndantly clear that the petitioner has hopelessly ed to prove his allegations in paragraph 7(c) of petition.

have already said that the petitioner's Counsel his final arguments gave up all other allegations in petition except those in paragraph 7(b)(i) and , 7(c) and (j), (k), (l) and (m). The petitioner not succeeded in proving his allegations in para-ph 7(b)(i) and (ii) and 7(c). I now propose to l with his averments in the other subparagraphs paragraph 7 I have referred to.

One of the corrupt practices enumerated in section (B)(4) of the Representation of the People Act, , is the publication by a candidate or his agent by any other person, with the consent of a idate or his election agent, of any statement of which is false, and which he either believes to alse or does not believe to be true in relation to personal character or conduct of any candidate, a statement reasonably calculated to prejudice prospects of that candidate's election.

In paragraph 7(j), it is alleged, inter alia, that al printed wall posters of very large size printed engali as well as in Hindi not containing the name of the printer or publisher were used in the election by Nepal Chandra Roy, the respondent No. 1 and his election agent and other persons with the consent of the respondent No. 1 and his election agent. These posters contained the picture of a house and the pictures of two men meant to be Shri Jyoti Basu, leader of the Communist Party (Marxist) and Hara Prasad Chatterjee, the respondent No. 3. The person resembling Hara Prasad Chatterjee was depicted as telling his leader Shri Jyoti Basu that Hara Prasad was able to acquire plot No. 185, C.I.T. Scheme No. VII(M) at No. 101 Ultadanga Main Road, Calcutta. It was stater Hara Prasad purchased this plot on the 11th May 1967, at a price of Rs. 1,14,774.00 and had built a house on the same. By captions Hara Prasad was depicted as saying to his leader Shri Jyoti Basu that if he had got a little more time (i.e., more than nine months of the first United Front Government in West Bengal) he would have purchased the lands and buildings shown on the background of the poster. The petitioner charges that by these posters an attempt was made to convey the impression that Hara Prasad was a dishonest person and had purchased the land with a large sum of money dishonestly acquired in nine months (in 1967) when the United Front Government was in power and had also built a big house on the said plot of land. Hara Prasad and his supporters, it is alleged, at various meetings challenged the truth of the statements made in these posters. Hara Prasad also by a letter dated the 4th February 1969, informed the Returning Officer of these posters. The fact is that no building has yet been constructed on the land and the full price of the land has not yet been paid. The price, says the petitioner, is payable in instalments during a period of 14 years. The petitioner also stated that the auction for sale of the land took place in October 1966, long before the United Front Government came into power.

In paragraph 7(k) of the petition it is stated that after Hara Prasad and his supporters made protests in public meetings, Nepal Chandra Roy or his election agent or other persons with his consent or the consent of the election agent caused to be published a leaflet in Bengali. The name of Dr. Sailendra Mohan Roy was printed as the publisher of the leaflet and that of "Sri Durga Press", Calcutta-5, as the printer thereof. This leaflet throws a counter-challenge to Hara Prasad. It is stated in this leaflet that Hara Prasad and his supporters had said in public meetings that since the aforesaid posters did not contain the name and address of the printer and the publisher, Hara Prasad could not take any legal action. In the leaflet it was stated that the name of printer of the large wall poster was "D.S.P.B.". The leaflet also said that a certified copy of the deed of sale of the plot of land in question had been kept at No. 292/6 Upper Chitpur Road, Calcutta, and everyone was welcome to inspect it. The address aforesaid was the former address of Nepal Chandra Roy, the respondent No. 1; but the premises have now been renumbered as 431/C Rabindra Sarani. The leaflet, according to the petitioner, was issued on and from the 5th February 1969.

In paragraph 7(l) the allegations, inter alia, are that many electors went to premises No. 292/6 Upper Chitpur Road, between the 5th February 1969 and

the 8th February 1969, when Nepal Chandra Roy himself produced some papers alleged to be a certified copy of the deed of sale; but these papers did not contain the fact that the purchase money was not fully paid but was payable in various instalments covering a period of 14 years. It is alleged that the posters and the said leaflet were published by the respondent No. 1, Nepal Chandra Roy, and his election agent and other persons with the consent of Nepal and his election agent in spite of the knowledge that the representations were false. It is alleged further that while showing the alleged certified copy to different persons at his residence between the 5th February 1969 and the 8th February 1969, Nepal Chandra Roy also made several other statements concerning the conduct and character of the respondent No. 3 which were damaging to the prospects of his election. The said Dr. Sailendra Mohan Roy, it is stated, is not a fictitious person and resides at No. 69B Beniatola Street, in Calcutta within the Jorabagan Constituency and has his dispensary at 92A Sovabazar Street, within the constituency. Sailendra Mohan Roy, it is also stated, is a supporter and close associate of Nepal Chandra Roy and the posters and the leaflet were handed over by Sailendra Mohan Roy, Nepal Chandra Roy, respondent No. 1, and Nepal's election agent, B. L. More, to other persons and different workers working for the respondent No. 1 from 292|6 Upper Chitpur Road in Calcutta and 92|A Sovabazar Street in Calcutta.

In paragraph 7(m) it is alleged, that a few days before the election the respondent No. 1 came in the morning to 18 Brojodulal Street, Calcutta, to ask for votes and in the presence of the petitioner and Sadhan Dutt (both of whom reside there) and other persons described Hara Prasad Chatterjee, the respondent No. 3 as a "debauch and bribetaker" and handed over a few copies of the Bengali leaflet of Dr. Sailendra Mohan Roy to Sadhan Dutt and some other persons present.

Sub-paragraph (j), (k) and (m) of paragraph 7 of the petition have been verified as true to the petitioner's knowledge. Sub-paragraph (l) of paragraph 7 has been verified as based on information the petitioner has received from Gurupada Bhattacharjee of 61 Sovabazar Street, Calcutta, and Ramesh Chandra Dutta of 6|A Barwaritola Lane, Calcutta, and others.

Needless to say that Nepal Chandra Roy in his Written Statement has denied each and every allegation in paragraph 7(j), (k), (l) and (m) and he and his witnesses in this Court have tried to support the averments in his Written Statement.

With respect to the allegations in sub-paragraphs (j), (k), (l) and (m) of paragraph 7 of the petition numerous witnesses have been called by both the parties. At the moment, I am not thinking of the oral evidence either of Nepal Chandra Roy or his witnesses. As and when necessary I shall refer to their depositions; but many of the witnesses called by the petitioner appeared to me to be not only partisan and tutored but also reckless and without any respect for the oath that they had taken on the witness box. The petitioner himself, I have no doubt in my mind, is a staunch supporter of Hara Prasad Chatterjee and his party; but he pretended on the witness box that, as a neutral observer, he w merely watching how the election campaign w proceeding and had toured round the whole con tuency on the day of polling throughout the time polling stations were open as he was anxious ensure a free, fair and democratic election. T supporters of the petitioner gradually created si a tense atmosphere in the Court room that it w at times difficult even for Counsel for the petitio (who were neither senior nor experienced Couns to conduct the case on behalf of the petitior Indeed, these supporters at different points of ti compelled, in their over-enthusiasm, particularly junior Counsel for the petitioner to make suggestic to Nepal Chandra Roy and his witnesses which Counsel should have made knowing fully well t damage that these suggestions would cause to petitioner's case. There were also moments wher felt that if such atmosphere continued, I might compelled to hear the case in camera.

But these factors cannot deter me from dischargi my judicial duties in this matter. It is true that have to reject masses of evidence led by the pe tioner and his witnesses; but there are oral s ments made by some of the witnesses which cou with the documents on record and the relevant st ments of Nepal Chandra Roy and his witnesses well as Nepal's failure to call a few of the n material witnesses which make me inclined to t the view that some of allegations in the afores sub-paragraphs of paragraph 7 are true.

Hara Prasad Chatterjee has stated that in S tember or October 1966, the Calcutta Improvem Trust had issued a notification for the sale by auct of a plot of land at Manicktola measuring abou cottas and 12 chattacks. He attended the auction a his bid for Rs. 17,000.00 per cottah was accept The total price of the land was about Rs. 1,14,700. He paid 10 per cent. of the stipulated value and t balance of 40 per cent. was paid within about thr months. The remaining portion was payable in annual instalments. He had made payments to t Improvement Trust out of his accumulated earnin as an Advocate (Rs. 103 to 117).

These statements of Hara Prasad Chatterjee not been challenged at all. The result is that posters and other documents complained of in aforesaid sub-paragraphs of paragraph 7 of petition, were, in fact, published, they cont prejudicial statements of facts which were fals relation to the personal character of Prasad Chatterjee who was a candidate in election. The other points, therefore, that rema be considered are whether the posters and documents were published by Nepal Chandra Ro his election agent or any other person with consent of Nepal or his election agent and wh Nepal believed them to be false or did not be them to be true. Since Nepal Chandra Roy has me that he had known Hara Prasad Chatterjee about 12 or 13 years and had come in contact him in different public bodies and has unequivo declared that he is a "perfect gentleman" the ques of his believing reflections on Hara Prasad's char to be true does not arise in this case (vide qs. 1 13 and 1703).

ra Prasad Chatterjee in his evidence in this on the 23rd July 1969, had stated that while ssing an election meeting he had said that on npugned posters appeared the letters "D.S.P.B.", name of the printer thereof. He made enquiries these printers: but could not trace them. He sted his worker Pramananda De to enquire a press called "D.S. Print and Box" at premises 8C Brindaban Bysack Street; but the enquiry f no avail as the people at the said press denied they had printed those posters and stated that had no "Litho Machine" (q. 578). On the ss box also Hara Prasad could not say who printers were but he mentioned a very signi- address, viz., premises No. 8C Brindaban k Street. I shall have occasion to comment on address a little later. And apparently the peti- r and his supporters continued their searches.

the 4th August 1969, one Motilal Sarkar was into the witness box. He said that he was a nercial artist in the employment of the Imperial Cottage at No. 1A Tagore Castle Street, Calcutta- he partners of the Imperial Art Cottage, accord- him, are Dwarika Nath Dhar, Dhirendra Nath and Satya Prasanna Dhar. They all reside at Tagore Castle Street, Calcutta-6. One Manick d Dhar is the son of Dwarika Nath Dhar (qs. 7). Motilal Sarkar has been serving the rial Art Cottage for 22 years. He was shown its "A" and "C" which were impugned posters he said that these were printed at the Imperial Cottage in the same machine. Motilal does not , however, who brought them for printing (qs. 17). In q. 36 the witness says that Manick d Dhar told the persons in charge of printing posters including the witness that this was an t piece of work and had to be done expedi- y (qs. 36 and 42). In fact, Manick Chand "It is urgent work, please do it very soon or t would be cancelled" (q. 43). After the posters printed Motilal saw the posters on the streets ey were pasted on walls (q. 47). The witness further that just behind the Imperial Art ge, on Tagore Castle Street, there was an on office of the Congress Party. There was a *posh* and these posters pasted on bamboo- ngs were displayed all around that *Taktaposh*. al says that one Radhakanta Pal had helped in making these posters. In qs. 160 and 161 it suggested to Motilal in cross-examination that was no election office at Tagore Castle Street naturally, no posters could be displayed at that on office. There was no suggestion to this ss that these posters were not either printed at press or that Manick Chand Dhar (who, as we see later, was a supporter of Nepal Chandra did not take any interest either in the printing livery of posters.

dha Kanta Pal another artist of the Imperial College whose name was mentioned by Motilal Motilal, q. 67) was also examined on the 4th st, 1969 (qs. 1 and 2). He identified exhibits and "C" and said that the Manager of the press d over a copy of the poster to them for printing. letters "D.S.P.B." were written at the bottom of raft. Radhakanta does not know who placed the for the posters, but Manick Chand Dhar called em and stated that the party concerned was asking for delivery as soon as possible (qs. 32 to 39). Several other persons, says Radhakanta, worked with him for making the "plates" of the posters. These persons were Motilal Sarkar, Kali Prasanna Dhar and Ajit Karmakar. According to this witness orders placed by Manick Chand Dhar are usually executed speedily. He presumed that this was an order of Manick because Manick used to come and ask for delivery (qs. 55 and 57). His case is that the posters were printed about a week or two prior to the date of election (q. 49).

There was another witness named Durga Prasad Sinha who was examined on the 5th August 1969. He is an employee of the Imperial Art Cottage for about 30 or 35 years (qs. 1 and 2). His evidence is that Motilal and Radhakanta, who were both artists, made the letterings for the posters and these were printed in an offset machine (qs. 13 to 18). Durga Prasad saw Motilal and Radhakanta manufacturing the "plates" for the posters that were printed in the machine shop and Manick was explaining to them how they were to be printed (qs. 24 to 27). Durga Prasad says that he does not know anything about Manick's political affiliation; but he knows that Manick works for Nepal Roy during election and is very intimate with him (q. 39). He saw Manick sitting in an election camp of Nepal Roy on Nimtola Ghat Street near the junction of Chitpur Road and Nimtola Ghat Street (qs. 41 and 44). According to him the words "D.S.P.B., Calcutta-5" appearing on the posters referred to a press of Manick Dhar and his friend one Mr. Singh (qs. 50 to 52). His evidence is that Manick was present even at the time of printing of the posters. He saw these posters pasted at Natun Bazar and Tagore Castle Street (qs. 73 to 75). He does not exactly remember the date on which Manick gave instructions to Motilal and Radhakanta to print the posters; but approximately that would be two or three weeks before the election (qs. 184 to 186). In qs. 222 to 226 it was suggested to Durga Prasad on behalf of Nepal Chandra Roy that Manick did not do any work for Nepal in the mid-term election "so far as posters and other election campaigns" were concerned; that Nepal approached Manick for a room for election work at Manick's office at Brindaban Bysack Street; that Manick agreed to Nepal's proposal; but subsequently refused to comply with Nepal's requests. It was suggested further that Nepal applied for a telephone connection to this proposed office; but could not instal it until the 8th February 1969, on account of Manick's refusal aforesaid.

Mr. Panjaj, learned Counsel for Nepal Chandra Roy, submitted to me that Motilal Sarkar, Radhakanta Pal and Durga Prasad Sinha should be disbelieved on the following grounds:

1. All these persons were served with Subpoena at their residences;

2. All of them are members of a trade union of which Mr. Jatin Chakraburty, a leader of the Revolutionary Socialist Party and a constitutent of the present United Front Government is the president;

3. They had come to Court without informing their employers; and

4. Durga Prasad's story of Manick's intimate connection with Nepal was not told either by Motilal or Radhakanta.

I am not impressed with these objections of Mr. Panja. It is to be assumed that the petitioner picked up acquaintances with these witnesses and knew that their evidence would support him. The fact that the Subpoenas were served at their residences shows the extent of the petitioner's acquaintance with them. The fact that they came to this Court without informing their employers shows that they intended to support the petitioner's case. But from these facts it does not necessarily follow that they are witnesses of untruth. They may be members of a trade union sponsored by the Revolutionary Socialist Party; but their political consciousness did not appear to me to be of such high degree that they would agree to come to a court of law and made untrue statements in the interest of a C.P.I. (M) candidate. On the contrary, it seemed to me that their interest in the trade union was principally limited to achieving economic advantages. They were not the leading members of the union at all nor was it suggested to them that they controlled the activities of their union in any way. It is true that only Durga Prasad has spoken of Nepal's intimate connection with Manick; but that does not lead me to reject Durga Prasad's testimony especially in view of the documentary evidence on record which I shall discuss at the appropriate moment. Incidentally, I may mention that Prosanta Sarkar, a special representative of the "Statesman" has told me that inter-party clashes were going on between the workers of the R.S.P. and those of the C.P.I. (M) (Qs. 53 to 55). It is therefore, rather doubtful, whether ordinary workers of any union controlled by the R.S.P. would agree to lend their support to a C.P.I. (M) candidate, assuming that they were sufficiently conscious.

The evidence of Motilal, Radhakanta and Durga Prasad goes to show (a) that the impugned posters were printed at the Imperial Art Cottage, (b) that the posters were printed before the election, (c) that the posters were printed at the instance of Manick Chand Dhar, and (d) that the posters were displayed at some of the places in the constituency accessible to the public.

I have already said that Counsel for Nepal Chandra Roy suggested to Durga Prasad Sinha that Nepal applied for a telephone connection at Manick's office at Brindaban Bysack Street; but the installations thereof was delayed till the 8th February 1969, owing to Manick's intransigence. Let us now examine the admitted documents in this connection collectively marked Ex. R. 1. On the 24th January 1969, Nepal Chandra Roy wrote to the General Manager, Calcutta Telephones, as follows:

> "As I need a telephone at my election office at 8/C Brindaban Bysack Street, Calcutta-5. so I request you to supply me (with) the relative form and do the needful for installation of same immediately at the abovementioned address.".

On the 6th February 1969, the telephone authorities wrote to Nepal Chandra Roy referring to his letter of the 24th January 1969, that a temporary telephone connection for three months had been sanctioned for premises No. 8|C Brindaban I Street. The telephone charges that Nepal would to pay were mentioned in this letter and he was to execute the enclosed hiring contract form send the same to the "Telephone Bhavan" w sum of Rs. 300.00 being the initial deposit. O 7th February 1969, Nepal Chandra Roy exe the hiring form and deposited the sum of Rs. 3 with the telephone authorities. The witness t execution of this hiring form is admitted by M Chand Dhar himself who gives his address as Tagore Castle Street, Calcutta-6.

Nepal Chandra Roy in his oral evidence has various statements about these documents. It i necessary to refer to his statements as the docu speak for themselves. The documents show th early as the 24th January 1969, Nepal was info the telephone authorities that he had set up election office at 8|C Brindaban Bysack Street, cutta-5, which was the office of Manick Chand The telephone authorities offered the connection three days before the election and even that was accepted by Nepal and he deposited a su Rs. 300.00 only two days before the election installation of a telephone at Manick's office period of three months. The particulars of the sum of Rs. 300.00, it appears from the I contract are as follows:

1. Rents for three months ..	Rs.	15(
2. Installation fee ..	Rs.	5(
3. Deposit	Rs.	10(
Total ..	Rs.	30

These documents provide strong support to I Prasad Sinha's evidence that Nepal was on int terms with Manick Chand Dhar. I nat expected that Manick will be called by Nepal a of his witnesses to prove the positive sugge aforesaid made by Counsel for Nepal Chandra to Durga Prasad Sinha. But I was surprised Mr. Panja appearing for the respondent No. formed me that Manick would not be called. only explanation that Mr. Panja gave me was t subpoena had been taken out by the petit addressed to Manick but the petitioner did not him. There was also acrimonious discussions i Court room regarding a copy of the list of petitioner's witnesses supplied by the petitio Advocate to Nepal's Advocate in which the nam Manick was omitted. The subpoena taken out Manick (marked Ex. JJ) has been produced b me and I find that it was not served at all; whether or not the petitioner has summoned hi cannot understand why, in the face of the sp suggestions made about Manick by Nepal's Co to Durga Prasad Sinha the respondent No. 1 took risk keeping Manick back from this Court. A cannot but draw an adverse inference against respondent No. 1. I have to come to the conclu that the posters were printed at the Imperial Cottage at the instance of Manick Chand D supporter of Nepal Chandra Roy.

In the foregoing paragraph, I have drawn adverse inference against Nepal Chandra Roy not calling Manick Chand Dhar in support of Counsel's suggestions to Durga Prasad Sinha. In

gment I have to draw a few more adverse infer-
e against him for his failure to call material wit-
ses. It would, therefore, be convenient at this
ge to deal with an argument of Mr. Panja, learned
unsel for the respondent No. 1, that in criminal
es an adverse inference under section 114, Illus-
ion (g) of the Evidence Act, can be drawn if the
secution does not call witnesses who are able to
ove the accused's connection with the offence
rged and to give information; but no such un-
ourable inference will be drawn under similar
umstances, against the accused. The leading case
this subject in *R.* 10 Cal. 140 versus *Dhuno Kazi*,
Cal. 121. It was also held in *Hurri Churn* versus
10 Cal. 140 that it was entirely open to the
ence to adduce no evidence at all. Mr. Panja
ntends that the same principles would apply to a
rge of "corrupt practices" in an election petition
d relies on the Supreme Court's judgment in
alingram Srivastava versus *Mohan Lal Shishir*, in
vil Appeal No. 703(OE) of 1968 delivered on
11th November 1968. I am not going into the
neral propositions of Mr. Panja; but section 103
the Evidence Act provides for burden of proof
to a particular fact. It says: "The burden of proof
to any particular fact lies on that person who
shes the Court to believe in its existence, unless it
provided by any law that the proof of that fact
all lie on any particular person." The illustration
this section is an illustration of a criminal case.
runs thus: "A prosecutes B for theft, and wishes
Court to believe that B admitted the theft to C.
must prove the admission, B wishes the Court to
lieve that, at the time in question, he was else-
ere. He must prove it". In the instant case it was
cifically suggested to the petitioner's witness
rga Prasad Sinha in Qs. 222 to 226 (a) that
nick Chand Dhar did not do any work on behalf
Nepal Roy in the mid-term election "so far as
ters and other election campaigns" were con-
ned; (b) that Nepal approached Manick for a
m for election office; (c) that Manick agreed to
pal's proposal but subsequently changed his mind
(d) that Nepal applied for a special telephone
nection at this election office which could not be
alled owing to Manick's attitude till the 8th
ruary 1969. I think it is proper for me to expect
these specific suggestions should have been
sfactorily established in this Court by calling
nick Chand Dhar as a witness for the respondent
1. The Supreme Court, I find, has taken a
ilar view in Civil Appeal No. 1449(NCE) of
8, *Dr. M. Chenna Reddy* versus *V. Ramachandra*
and anr. in a judgment delivered on the 17th
cember 1968. The Supreme Court has said: "At
riminal trial the accused need not lead any
ence and ordinarily he does not do so unless his
is to be established by positive evidence on his
, namely, his insanity or his acting in self-defence
protect himself or a plea of alibi to show that he
ld not have committed the crime with which he
charged. The trial of an election petition on the
ge of commission of corrupt practice is somewhat
rent. More often than not proof of such corrupt
tice depends on the oral testimony of witnesses.
candidate charged with such corrupt practice
riably leads evidence to prove his denial; it
mes the duty of the Court to weigh the two
versions and come to a conclusion as to whether notwithstanding the denial and the evidence the charge is satisfactorily established. We cannot also loose sight of the fact that quite apart from the nature of the charges the trial itself goes on as if the issues in a Civil suit were being investigated into. The petitioner has to give particulars of the corrupt practice with details in default whereof the allegations may be ignored; the petitioner has to ask for certain declarations and the procedure before the High Court is to be in accordance with that applicable under the Code of Civil Procedure to the trial of suits with the aid of the provisions of the Indian Evidence Act. Inferences can therefore be drawn against a party who does not call evidence which should be available in support of his version."

It is by following the above observations of the Supreme Court that I have drawn an adverse inference against Nepal Chandra Roy on his failure to call Manick Chand Dhar as one of his witnesses and I propose to draw a few more adverse inference against him in this judgment on the same ground.

The next point on which I would make my comments is the controversy relating to an election office of Nepal Chandra Roy at No. 5 Jadulal Mullick Road in Calcutta. The controversy is that the petitioner has tried to establish that Nepal had an election office at the said premises and at this election office the impugned posters were prominently displayed. The petitioner has further tried to prove that the persons who were running this election office, were also responsible for displaying the impugned posters in different places in the locality. The case of Nepal Chandra Roy is that he had no election office at No. 5 Jadulal Mullick Road. Let us now discuss the oral and documentary evidence on this point that appears to me to be relevant. Keshordeo Indoria, an accountant of "Pigment and Chemical Products" carrying on business at 5 Jadulal Mullick Road, was called by the petitioner. He says that the entire building is in his occupation (Qs. 1 to 7). The Official Receiver of this Court is the immediate landlord in respect of the ground floor of the premises and collects rents therefrom. Room No. 7 of the building is on the ground floor which is in the occupation of the witness and he pays rent to the Official Receiver (Qs. 34 to 36). Indoria produced a letter addressed to him on the 17th January 1969, by Nepal Roy. This letter has been marked as Exhibit "U". Nepal Roy states in this letter: "I am sending the bearer of this letter to you. Please give him possession of Room No. 7 on the ground floor for use as an office for the purpose of election. Please also note that it would be rent free for the temporary period till conclusion of the ensuing election". Indoria has said that this letter of Nepal Chandra Roy was handed over to him by one Kashinath Mullick alias Gaju. He handed over the key to Room No. 7 to Gaju for Nepal's election office. Thereafter, a banner was fixed to the room written on a blue piece of cloth to indicate that this was the Congress election office of Jorabagan. The witness knows that it was in fact, used as Nepal's election office (Qs. 12 to 19). In cross-examination, it was suggested to this witness that Gaju never worked for Nepal Roy or the Congress Party. The witness did not agree and added

that when Gaju came with this letter, another person named Ram Swarup Joshi also accompanied him (qs. 38 to 52).

Gaju admittedly is an anti-social element. That is the evidence of Gaju himself as well as of Nepal [illegible] Nepal Roy has stated that he never handed [illegible] letter of the 17th January 1969, marked [illegible] "Q" to Gaju. So far as he recollects Exhibit [illegible] was either made over to Dr. D. L. Bhattacharjee or to his compounder. But no office, according to Nepal, was ever opened at No. 5 Jadulal Mullick Road as he had an election office on the opposite side of the premises at No. 6 Jadulal Mullick Road (qs. 2404 to 2409).

Since Gaju, as we shall see later, has made statements in this Court causing enormous damage to the defence of Nepal Chandra Roy it was essential that Dr. D. L. Bhattacharjee or his compounder, both of whom were admittedly Nepal's supporters or some other competent witnesses should have been called to state who actually received from Nepal the letter of the 17th January 1969; who handed over the letter to Keshordeo Indoria and why the proposed office at No. 5 Jadulal Mullick Road was not opened at all. But the respondent No. 1, for reasons best known to him, did not take any steps to establish these positive facts; and I am entitled to draw an adverse inference against him.

I would now discuss the evidence of Kashinath Mullick alias Gaju. He says that he went with the letter of the 17th January 1969, to Indoria of 5 Jadulal Mullick Road. He went with the letter alone. Indoria asked for this letter because he knew that Gaju indulged in anti-social activities (qs. 55 to 70). He first took the letter to Indoria at Indoria's residence at Chitpore. Indoria asked for some time to dress himself up. When Indoria and Gaju were coming out of Indoria's residence, they met Ram Swarup Joshi and all three of them proceeded towards Indoria's office at Jadulal Mullick Road (qs. 90 to 94). Kashinath says that Nepal asked him to visit the voters from door to door. He cannot read or write. The reading or writing was done by Ram Swarup Joshi who was an educated man and Kashinath used to do the field work with other workers of Nepal Roy. He was the most ill-tamed amongst the workers of Nepal in the area. He had a bad name for about 10 years and in spite of that Nepal recruited him for election work. Ram Swarup Joshi was looking after the election office and Kashinath and his group of boys was carrying on the election propaganda including the fixing of posters on behalf of Nepal (qs. 95 to 114). The office at 5 Jadulal Mullick Road was opened on the 17th January 1969, and it continued to function even 20 or 25 days after the election (qs. 270 to 274). About 100 yards away from this office was Susen Pharmacy at No. 6 Jadulal Mullick Road which was looked after by Dr. D. L. Bhattacharyya and his compounder Jadu. Kashinath knows that Jadu was working for the Congress; but he did not see Dr. Bhattacharyya doing any work (qs. 343 to 350). He brought the impugned posters from Nepal Roy's chamber on the 19th or 20th January 1969. Nepal himself gave the posters to him in the presence of many other persons (qs. 392 to 403). He had decorated the office at 5 Jadulal Mullick Road with these posters (Q. 498). All along, says Kashinath has been a worker of Nepal Chandra Roy: he wo for him in the elections held in 1962 and 196 well. Even before this election the police trie arrest him as an anti-social element; but N assured him that he would be saved and in lie this assurance he promised to work for Nepal (qs to 50). He had pasted the posters in different of the locality and had pasted them on bam matings to display them at different places (q. (Incidentally, Netai Das, the petitioner has also that he had seen Gaju pasting these posters on (q. 1015). There were other boys to help him 151). He fixed the posters at places sufficiently up by using ladders (q. 153). The posters were played at Jadulal Mullick Road, Netai Halder St Anukul Mukherjee Road, Darpanarayan Street Pathuriaghata Street (qs. 159 to 164). The bam matting was fixed at the corner of Kali Kri Tagore Street (q. 166).

Mr. Panja, learned Counsel for the respon No. 1, has invited me to reject Kashinath's evid Learned Counsel says that admittedly he is of character and several criminal cases are still pen against him (qs. 300 to 307). Moreover, he i accomplice, if at all, in the commission of a co practice and his testimony cannot be accepted wit corroboration. Mr. Panja specially relied on recent judgment of the Supreme Court in *Anant Majhi* versus *Kolaka Nilakanthan* (Civil Appeal 51 of 1968) delivered on the 9th August 1968 this case the Orissa High Court relied on the evid of two rickshaw pullers in support of allegation corrupt practice. The Supreme Court obse "We do not think that a charge of corrupt pra which is in the nature of a criminal complaint be established by evidence of this type. This evidence of accomplices who appear to be of d cable character, who take bribes to vote and may well come forward to give evidence on rece a similar fee. On the whole, we are satisfied tha should not act on the evidence of these two witne Although the High Court has believed them, we nothing by way of corroboration which would en us to hold that they are telling the truth. On the hand, it appears to us that it is very easy to such witnesses. We do not accept their eviden

That Kashinath is of despicable character, he admitted on the witness box frankly and repeate but even this despicable character has his redee features. Kashinath has told me that if Nepal had not saved him from the police, the life Kashinath's brother would have been ruined. brother is a student in a college and has no o guardian but Kashinath to give him financial hel prosecute studies. Kashinath spends over Rs. 10 per month for his brother's education. He also for his food and clothes. His father is an old and earns only a small amount merely to main himself: vide qs. 554 to 559.

Kashinath's evidence, except with respect to receiving posters from Nepal Roy himself in Nep chambers, has been substantially corroborated other witnesses. Moreover, the principal witness Nepal who was called to prove before me that t was no election office at 5 Jadulal Mullick Road not appear to have full knowledge of how Ne election in that area was conducted. I shall dis

ıese points at their appropriate places in this ıent. Incidentally I may refer to the Supreme t's judgment in *Rameshwar* versus *The State of ıthan,* AIR 1952 S.C. 54. Referring to sections ınd 114 of the Evidence Act the Supreme Court ıaid that the rule, which according to the cases ıardened into one of law, is not that corroboraıis essential before there can be a conviction but the necessity of corroboration, as a matter of ence, except where the circumstances make it to dispense with it, must be present to the mind ıe judge, and in jury cases must find place in harge, before a conviction without corroboration be sustained. The only rule of law is that this of prudence must be present to the mind of the or jury as the case may be and be understood appreciated by him or them. There is no rule of ice that there must, in every case, be corroboı before a conviction can be allowed to stand. ıer when corroborative evidence is produced it has to be weighed and, in a given case as with evidence even though it is legally admissible he purpose on hand, its weight may be nil.

ıe necessity of corroboration of Kashinath's ence is present to my mind and I would now se the evidence of a few other witnesses who called on behalf of the petitioner in support of inath's testimony. I have already discussed evidence of Kashordeo Indoria relating to the ing of Nepal's election office at 5 Jadulal lick Road. Indoria's evidence coupled with l's letter to Indoria of the 17th January, 1969, considerable support to a vital portion of inath's deposition in this Court particularly in of the strenuous efforts made by Nepal Roy his witnesses to deny the very existence of this

ıe next witness whose evidence I intend to dis- is Deonarayan Chowdhury. Deonarayan is an oyee of the Official Receiver of this Court and ays that the ground floor of premises No. 5 lal Mullick Road is in the possession of the Receiver. He knows that Keshordeo Indoria given one of the rooms of the ground floor for used as an office of the Congress Party. The was opened by Gaju that is, Kashinath ick, who had placed certain things in that room, ordeo Indoria is a tenant in the premises (qs. 1). There are six rooms on the ground floor. of the rooms being Room No. 7 was in the posın of Keshordeo Indoria. In January, 1969, oom was lying closed; but prior to that Keshorwas carrying on transport business there (qs. 39 42). Deonarayan informed the Estate clerk of Official Receiver's office that Keshordeo was ing the Congress Party to use Room No. 7 on ground floor. He does not know whether ordeo was charging any rent nor did he make enquiry about it. Deonarayan is the Official iver's durwan in the premises for three years 47 to 52). Deonarayan did not tell any repretive of the Official Receiver that Gaju, that is, inath was an anti-social element (qs. 63 to Deonarayan had seen that the impugned s (Exts. "A" to "C") were displayed outside ongress office at No. 5 Jadulal Mullick Road. d not seen the posters of any other candidate yed during the mid-term election. He had only seen Exhibits "A" and "C" and posters depicting yoked pair of bullocks (qs. 130 to 134). In q. 135 it was suggested to him that there was neither any Congress office at 5 Jadulal Mullick Road nor were any posters similar to Exhibits "A" and "C" displayed at that office. Deonarayan has denied these suggestions.

Mr. Panja especially relied on qs. 116 and 117 to convince me that Deonarayan came into the witness box out of fear of Gaju and was a witness unworthy of credit. In these questions Deonarayan has said that he does not know that Gaju is the leader of hooligans in the locality; but he knows that he is a rowdy element and is a dangerous character who is capable of inflicting physical assaults. He has plainly admitted that he was afraid of Gaju.

If Deonarayan Chowdhury had been the only witness to corroborate Kashinath Mullick, there might have been some force in Mr. Panja's submission, but there were other witnesses as well who had substantially corroborated Kashinath on the opening of the Congress office at 5 Jadulal Mullick Road and the display of Exhibits "A" and "C" there. And it is the cumulative effect of these corroborative witnesses which have to be considered in this case in the context of evidence in this behalf led by the respondent No. 1.

Mr. Panja also stated that in the application for subpoena on the 30th July 1969, the petitioner had asked for production of records of an ejectment suit between the Official Receiver and Keshordeo Indoria and he asked me to draw an adverse inference for non-production of these records. I do not see how this adverse inference, if drawn, would help the respondent No. 1. Assuming that there is a litigation between the Official Receiver and Indoria and the Official Receiver is seeking to eject Indoria, it would not make any difference to the issues in this petition as to opening of the Congress election office in Room No. 7 of premises No. 5 Jadulual Mullick Road and the display of Exhibits "A" and "C" on the walls of that room. In any event, it was open to respondent No. 1 to confront Indoria with any statement that he might have made in the ejectment suit contrary to his evidence in this Court by searching the records of that suit. Counsel for the respondent No. 1 did not choose this course.

The next witness is Ram Swarup Joshi who says that he worked for Nepal Roy in the last mid-term election (q. 8). He used to work at Nepal Roy's election office at No. 5 Jadulal Mullick Road, with 5 or 7 other persons. There was also an election office of Nepal Roy at No. 6 Jadulal Mullick Road. Kashinath Mullick was one of the persons who was working at the office at 5 Jadulal Mullick Road and his duty was to paste posters, take out processions with young boys and distribute leaflets. The office at 5 Jadulal Mullick Road was looking after the work in Ward No. 21 and that at No. 6 in Ward No. 24. The two premises, namely, 5 and 6 are situated in Wards Nos. 21 and 24 respectively. According to this witness amongst the posters displayed by Kashinath Mullick were 'Posters depicting houses to the effect that Hara Prasad Chatterjee had built houses" (qs. 11 to 24). In qs. 111 to 118 the witness has identified Exhibits "A" and "C", and has said that these posters were brought by Kashinath Mullick

from Nepal Roy's office and Kashinath caused these posters to be pasted outside the election office at No. 5 Jadulal Mullick Road by young boys of the locality. According to Ram Swarup Joshi he acted as Nepal Roy's polling agent in polling booth No. 89 in room No. 3 at Shri Balkrishna Vithalnath Vidyalaya (qs. 120 to 123). There is a document signed by Nepal Roy and Ram Swarup Joshi marked Exhibit "X" showing the appointment of Ram Swarup in Form No. 10 under Rule 13(2) of the Conduct of Election Rules, 1961, as the polling agent of Nepal. I do not say that this docuument, by itself, proves that Ram Swarup Joshi was known to Nepal Roy or that Ram Swarup was working for Nepal at his election office at 5 Jadulal Mullick Road; but it lends general support to the testimony of Ram Swarup in this Court. In fact, Nepal Roy in qs. 1971 to 1974 has stated that he had signed blank forms for appointment of polling agents which were subsequently filled up: he could not recognise Ram Swarup; but since Exhibit "X" was produced in Court, he had to assume that Ram Swarup was one of his polling agents. Nepal said, however, that in booth No. 89 voters of premises Nos. 1 to 7, Jadulal Mullick Road, had to cast their votes and these premises were both in Ward No. 21 and Ward No. 24.

Ram Swarup Joshi has told me that before the election he approached Nepal Roy to save him from a false criminal case of stabbing against him which was then pending. The alleged incident occurred in 1967 and Ram Swarup was arrested in 1968 (qs. 60 to 64). He requested Nepal to extricate him from his entanglement in the criminal case. Kashinath Mullick was with him. Nepal asked him to work for Nepal in the election under Kashinath's leadership. Ram Swarup requested Nepal to give him election work in some other area; but Nepal told him that as he was a resident of Ward No. 21 and was known to the people of the locality, he should work at the election office for Ward No. 21, that is, at premises No. 5 Jadulal Mullick Road. Ram Swarup says that Nepal's wife also used to visit this office (qs. 107 and 108).

It is difficult for me to reject Ram Swarup's statement that Nepal's wife had visited the office at No. 5 Jadulal Mullick Road. The reason is that Mrs. Swarna Protima Bal who was in charge of Nepal Roy's election office at No. 6 Jadulal Mullick Road, has told me that Nepal's wife had worked for her husband in another area and Mrs. Bal was put in charge of the office at No. 6 Jadulal Mullick Road at the suggestion of Nepal Roy's wife to Nepal Roy (qs. 1, 2 and 43 to 45).

In questions 232 to 239 Mr. Panja, learned Counsel for Nepal Roy, made various suggestions to Ram Swarup. It was, inter alia, suggested to him that at No. 13 Anukul Mukherjee Road (which was also in Ward No. 21) belonging to Mr. Goswami, a solicitor of this Court, there was an election office of Nepal Roy. Ram Swarup has denied this suggestion. The said Mr. Goswami who as a solicitor, is an officer of this Court could have been easily called on behalf of the respondent No. 1 to tell this Court that the election office of Nepal Roy for Ward No. 21 was at his residence; but he was not called and I am entitled to draw an adverse inference therefrom.

Then in q. 263 Mr. Panja's suggestion to Swarup Joshi was that Dr. D. L. Bhattacharj premises No. 6 Jadulal Mullick Road and compounder Jadu carried out the election wo Nepal Chandra Roy in Jadulal Mullick Road Ram Swarup's statement that at premises N Jadulal Mullick Road was situated the election for Ward No. 21 at Jadulal Mullick Road was correct. Ram Swarup has denied this suggestic well. It is, indeed, strange that in spite of positive suggestions, neither D. L. Bhattacharjee Jadu was summoned as witnesses to this Court I have not other alternative but to draw, on point as well, an adverse inference against N Chandra Roy.

Another witness called to corroborate Ka Mullick was Prem Kapur. He is an employee Allahabad Bank and is the Sub-Editor of a weekly named "Jan-Sansar". The editor of Weekly is Jitesh Sharma (qs. 1 and 2). Prem saw two Congress election offices on Jadulal M Road—one at No. 5 and the other at No. another office on Ganpath Bagla Road. He als an office on Brojo Dulal Street. He saw the f of both the Congress and the Communist cand contesting in the Jorabagan constituency. So the Congress candidate is concerned, he saw poster depicting a lady with broom-stick in driving away a person asking for vote and a poster showing fraudulent purchase of lan buildings by Hara Prasad Chatterjee, the Comm candidate. He also saw a poster criticising activities of the United Front Government in months. He saw these posters displayed within outside the Congress election offices. With r to the two offices on Jadulal Mullick Road h the posters on Hara Prasad's fraudulent pur both within and outside the office at No. 5 but the office at No. 6 pasted on a bamboo-matting 12 and 26).

Mr. Panja, learned Counsel for the respo No 1, wants me to reject the testimony of Kapur. His reasons are firstly Kapur's boss J Sharma is a friend of Netai Das, the petitione the last 4 or 5 years (qs. 155 and 156). Se he has described Netai Das, the petitioner, me a social worker of the locality (q. 165) al Netai is a seasoned political worker o C.P.I. (M). In fact, in qs. 214 to 222 Kapur on saying that Netai Das is "a non-political having a social view". Thirdly, he admits in q to 205 that Netai Das when he went to ser subpoena on Kapur on the 28th July personally requested Kapur to give evidence case and said to Kapur that the evidence wo relating to the impugned posters as the resp No. 1 was denying that such posters were pul at all. Fourthly, it was evident from the nature evidence given by Kapur that he had leftist i tions.

Kapur's demeanour on the witness box left no doubt that his sympathies were with the parties. Jitesh Sharma appears to be his leade admits that Jitesh Sharma is politically attach the Forward Bloc and contested the Corpo election in 1967 from the Jorasanko constituenc the support of the Peoples United Left Front 56 to 63). But I did not form the impression

ɔly because he was a supporter of the leftist ies he was running the risk of being disbelieved his Court by tendering false evidence. His state- ts about Netai Das's political inclination may be rrect, but then Netai pretended even in this rt that he had no political affiliations; and it is e possible that he always tries to move under garb that he is merely a social worker. I am ined to accept Kapur's corroboration of Kashi- Mullick that there was a Congress election e at No. 5 Jadulal Mullick Road and that the ugned posters were displayed outside this office icularly in view of the fact that witnesses like Goswami, Jadu and Dr. D. L. Bhattacharjee not come forward to depose in this case.

part from the denial of Nepal Roy the only ess whose evidence on his behalf needs consi- tion, so far as this aspect of the matter is con- ed, is Swarna Pratima Bal who says that she in charge of Nepal Roy's election office at No. adulal Mullick Road (q. 2). She denies that ide No. 6 Jadulal Mullick Road posters like ibits "A" and "C" were displayed. In fact, she not see these posters during the election paign anywhere in Jadulal Mullick Road (qs. and 19). Nepal Roy, according to her, used to the office at No. 6 Jadulal Mullick Road from to time (q. 22). She worked in the election e at No. 6 Jadulal Mullick Road for about 18 from the 21st January to the 9th February 49 to 52 and 56). She has denied that Gaju Kashinath Mullick, Ram Swarup Joshi and a other persons with them had worked for Nepal in the Jorabagan Constituency. She has also ed that there was an election office of Nepal at No. 5 Jadulal Mullick Road: vide qs. 373 375.

warna Pratima Bal is the wife of the late Loknath a well-known revolutionary leader of Bengal. e she had been a student at the Bethune College alcutta, she had been taking part in politics and closely associated with Netaji Subhas Chandra : vide qs. 46 to 48. I am prepared to accept her ence that she had worked for Nepal Chandra in the mid-term election of 1969. I am also ared to accept her statement that certain duties allotted to her at Nepal Roy's election office at 5 Jadulal Mullick Road. But as I watched her y on the witness box, she gave me the impres- that she was not an active election campaigner ehalf of Nepal Roy nor was she acquainted the details of election campaign of the different s in the constituency or the arrangements made olding the election. She has, for instance, told hat she does not recollect the number of the in which the voters in her area had to cast votes; she does not recollect the number of art of the voters' list which she had to handle e mid-term election; she said that for the voters r area there were two booths in Satyanarayan and two more booths in Jorabagan Park. When d Counsel for the petitioner suggested to her Satyanarayan Park fell within the Burrabazar ituency, her answer was: "I would not contra- you. I heard from them that all these had been at Satyanarayan Park. That is what I am ": vide qs. 269 to 274.

My point is that a person in charge of an election office would not make such statements. She at least ought to know for certain the names of the polling stations where the voters in her area were to cast their votes. Mrs. Bal has told me further that Dr. Bhattacharyya who had a dispensary next to the election office at No. 6 Jadulal Mullick Road, used to come to her office frequently and the persons who worked under her for Nepal Roy, were Jadu, Patal, Babu and Kochi (qs. 279 to 287). There were also two other girls and altogether six workers were operating from her election office (qs. 306 and 307). Neither Dr. Bhattacharyya nor Jadu, Patal, Kochi and Babu nor any ot these two girls has stepped into the witness box to support the statements of Mrs. Bal.

In these premises, I hold that Nepal Roy had an election office at No. 5, Jadulal Mullick Road and at least outside this election office the impugned posters were displayed. I come to this finding on the basis of Kashinath Mullick's evidence corroborated by Ram Swarup Joshi, Deo Narayan Chowdhury and Prem Kapur coupled with the failure of Nepal Chandra Roy to call material witnesses like Mr. Goswami, Dr. D. L. Bhattacharyya, Jadu, Kochi, Babu and others. I agree with Mr. Panja that Kashinath's evidence of taking delivery of the posters from Nepal Roy himself remains uncorroborated and I am not relying on Kashinath's evidence to implicate Nepal Roy directly in the publication of these posters containing untrue statements about the personal character of Hara Prasad Chatterjee. Incidentally, I ought to mention that I was invited to consider the improbability of Nepal Roy engaging notorious characters for election purposes. It was stated to me both by the respondent No. 1 in his depositions and by his Counsel that if those who habitually indulged in criminal activities approached the voters on behalf of a candidate the chances of that candidate's success would be materially affected. I agree that there is substance in this contention. But in this election petition witnesses on behalf of the Congress Party complained to be that the C.P.I. (M) workers particularly Saktipada Ghose resorted to violence and those on behalf of the petitioner also made similar complaints against Congress workers. In a case, such as this, I am not surprised that rowdy elements actively participated in this election for one party or the other.

The next point is that Hara Prasad Chatterjee on the 22nd July, 1969, said to this Court that he had seen Congress election processions in his constituency led by Dr. Asoke Banerjee, a Congress Councillor of the Corporation of Calcutta. The processions passed through Nimtolla Ghat Street, Tagore Castle Street and Strand Road. The processionists were carrying the impugned posters and were also shouting "Jyoti Basu, Haraprasad Chatterjee Chor Hai Chor Hai" (Jyoti Basu and Hara Prasad Chatterjee are theives) (qs. 503 to 519).

Nepal Chandra Roy was confronted with these depositions of Hara Prasad. Nepal said: "As far as I had collected information, and upon asking Dr. Banerjee also I had come to know that, no such incidents took place. Dr. Banerjee is an elderly person. It is beyond my imagination that he would lead such a squad" (q. 329). In q. 330 Nepal Roy

has said that Dr. Asoke Banerjee is about 60 years of age and as his legs are defective, "he feels difficulty to walk around".

It is obvious that in the face of the conflicting testimonies of Hara Prasad Chatterjee and Nepal Chandra Roy noted in the last two foregoing paragraphs, Dr. Asoke Banerjee is a most material witness but he has not been summoned.

On the 9th September, 1969, one Rabin Seal was called to prove a letter by one Mahadev Mukherjee dated the 24th August, 1969, written from Dharamada in the district of Nadia to Mr. K. Kumar, Advocate and Solicitor for Nepal Roy. This letter has been marked as exhibit 29. The date of receipt of this letter seems to have been altered. The original date was probably 25th August, 1969; but the altered date is 29th August, 1969. The alteration has been marked as exhibit 29a. Mahadev Mukherjee in this letter states as follows: "Dr. Asoke Banerjee, my uncle-in-law, fell ill by.....heart attack on 22nd August 1969. Local doctor is suspecting coronary thrombosis and has advised him complete rest for about a fortnight after which he may be removed to a suitable hospital. We have also informed Nepal Roy accordingly by letter as we could not get him on phone from Krishnanagar".

It is to be noted that on the day Rabin Seal deposed before this Court the "fornight" mentioned in this letter had already expired and I was not told about the patient's condition after a fornight's rest. Secondly, no medical certificate of the local doctor referred to in this letter was produced before me. Rabin Seal in his evidence claims to know the signature of Mahadev Mookherjee. Rabin is a Congress worker and had worked with Mahadev during the Corporation elections of 1965 and 1969. He came to be acquainted with the handwriting of Mahadev as he saw him writing out the voters' cards for these elections. He did not, however, see his signature: vide qs. 5 to 10.

In view of the evidence discussed above it is apparent that Dr. Asoke Banerjee's absence from the witness box has not been satisfactorily explained. And I accept the evidence of Hara Prasad Chatterjee that Dr. Asoke Banerjee, a Congress Councillor and a supporter of Nepal Chandra Roy had led election processions of the Congress Party in the Jorabagan Constituency and in these processions the impugned posters were carried and displayed.

There is another witness whose evidence I intend to discuss. He is Prasanta Sarkar, a reporter of the Statesman and one of its special representatives (qs. 1 and 2). He joined the Statesman in 1956. He saw many posters in the mid-term election of 1969. He also saw exhibits "A" and "C" and these exhibits were discussed in the press representatives' circle at the "Press Emporium" of the State Secretariat (qs. 7 to 11). He saw many of these posters displayed rather profusely in the Jorabagan Constituency. They were also displayed on the day of polling at the Congress camps (qs. 22 to 25). He visited the Jorabagan Constituency on the day of polling as well as on the day prior to the date of polling. He was proceeding to Mr. Jyoti Basu's constituency in a car and went through parts of the Jorabagan Constituency. On the way he stopped at many places and as a newspaper correspondent talked to many persons he had come across. had even spoken to young people who were wo in the camp offices of political parties. He remen a Congress camp office on Prasanna Tagore S near the former Tagore Castle. He saw the impu posters in many of these Congress camp offices was driving his car through certain parts of the Jo gan Constituency. He could not give the locations of these camp offices as he did not the area well (qs. 117 to 135).

Mr. Panja, Councel for the respondent No submits that Prasanta Sarkar's evidence canno relied on. Firstly, he has been called in suspic circumstances. It is not known how the subp came to be issued to him. He says that an unkn person had served the subpoena upon him at residence at about 7 O'clock in the morning on previous Saturday. This unknown person a him to contact Mr. Salil Ganguly, Advocate for petitioner. He went to Mr. Salil Ganguly's offic 4 O'clock and had discussions with Mr. Gan about the impugned posters (qs. 138 to 148). remembered the posters because there were ref tions in them on the character of Mr. Jyoti B whom he knew personally. He thought that Jyoti Basu would not be a party to the type of honesty complained of in these posters. Prasa gathered from Ganguly that some of Gangu friends had informed Ganguly that Prasanta kn about these posters and discussed about them in press enclosure of the Writers' Buildings. Pras admits that he meets Mr. Jyoti Basu every day. gave evidence for two days and on the conclu of the first day's depositions, he plainly admits, had met Mr. Jyoti Basu at the Assembly Hous about 5 O'clock in the evening to "get the brie from him on the law and order situation" (qs. to 179). There were about 20 reporters of diffe newspapers with him in Mr. Jyoti Basu's Chamb (qs. 180 to 181). Repeatedly Prasanta has that Jyoti Basu was a person of integrity and was surprised to find that Jyoti Basu had been attac in these posters: vide qs. 170 to 184. Pras was shown a copy of "Ganasakti" of the January, 1969, which was a paper of the C. (M) containing a report about posters in diff parts of the city of Calcutta. There was no rence to these impugned posters in this report; Prasanta states that the reporter concerned sh have mentioned these posters as well (qs. 187 192). Mr. Panja says that these answers Prasanta Sarkar establish that he has close con tions with Mr. Jyoti Basu, one of the leaders of C. P. I. (M). Secondly, Mr. Panja contends Prasanta Sarkar was previously an employee of Accountant General of West Bengal. In this of the Accountant General which he was serv a clerk in 1948 at a salary of 125.00 per mon had taken part in a strike (qs. 71 to 75). Ar cause he took part in that strike, he lost his j he was an extra temporary hand. From thes swers Mr. Panja wants me to conclude Prasanta Sarkar has distinct leftist inclina Thirdly Mr. Panja contends that the "States has a special kind of reporters to report. inter ali the nature of posters used in an election. Pra does not belong to this group of reporters: vid 102 to 105.

all the grounds aforesaid, according to Counsel lepal Chandra Roy, Prasanta Sarkar should be ieved. I do not agree with Mr. Panja. Prasanta r made no secret of the fact that he knew Jyoti Basu personally and had admiration for He even told me frankly that he had met Jyoti Basu along with other reporters at the nbly House after his first day's depositions in t. It may be that he took part in a strike in ; but he says he was not a member of the tive committee of his Union and did not parti- in "Union activities" as such (q. 76). At the nt he is an employee of the "Statesman" and o connected with the "Time", a weekly paper ew York. He also worked in the "Times of " in 1953 (qs. 67 to 69). He has said that he not belong nor did he ever belong to any cal party; but he has friends in different cal parties including the Communist Party of . In fact, his evidence is that the "Statesman" a forecast before the mid-term election that Congress Party would get about 148 seats, i.e., solute majority in the legislature and it seemed e that he was a party to this forecast. At the f 20 or 21, he says, he had general support for cratic Socialism (qs. 40, 41, 85 to 89).

me, Prasanta Sarkar appeared to be a frank ess who came to tell the truth as far as he could llect. He did not want to suppress anything me and answered rather uncomfortable question oss-examination relating to his connections with .G. Bengal strike and his personal relationship Jyoti Basu quite freely. I do not see why his nce should be rejected. On his evidence I am ed to hold that Exhibits "A" and "C" were yed on a large scale in the Jorabagan Consti- y including at Congress camps near some of polling stations on the day of polling.

e evidence I have discussed so far shows (a) the impugned posters were printed at the rial Art Cottage at the instance and under the tion of Manick Chand Dhar, a supporter of l Chandra Roy, (b) that there was an election of Nepal Chandra Roy at No. 5 Jadulal ick Road and the impugned posters were dis- d both inside and outside this office, (c) that impugned posters were carried in election essions which were led by Dr. Asoke Banerjee, ngress Councillor and supporter of Nepal dra Roy and (d) that the impugned posters displayed on a large scale in the Jorabagan stituency including at some of camp offices of Congress Party set up for different polling ns on the day the votes were received.

Samant N. Balkrishna versus *George Fernandez*, R. 1969 S.C. 1201, it has been observed that to lish corrupt practice, by an agent other than election agent, avoiding an election, the consent he part of the returned candidate to the com- ion of the corrupt practice must be proved. is no doubt that consent need not be directly d. The principle of law, according to the me Court, is settled that consent may be in- d from circumstantial evidence but the circum- es must point unerringly to the conclusion and not admit of any other explanation.

It seems to me that the circumstances which I have discussed in the foregoing paragraphs point to the conclusion that the activities of Manick Chand Dhar, Kashinath Mullick and his co-workers and Dr. Asoke Banerjee and the election processionists had the approval of Nepal Chandra Roy, the returned candidate; but I do not want to set aside this election on inference alone.

I should observe, however, in passing that Mr. Panja contended before me that the evidence relating to the activities of Manick Chand Dhar, of Kashinath Mullick and his co-workers and of Dr. Asoke Banerjee ought not to be taken into consideration at all because neither the names of these persons nor the acts committed by them nor the dates or places of such commissions have been mentioned in the petition. Learned Counsel drew my attention to the relevant portions of section 83 of the Representation of the People Act, 1951. The provisions are as follows:

> "83. Contents of petition.—(1) An election petition—
>
> (a) shall contain a concise statement of the material facts on which the petitioner relies;
>
> (b) shall set forth full particulars of any corrupt practice that the petitioner alleges, including as full a statement as possible of the names of the parties alleged to have committed such corrupt practice and the date and place of the commission of each such practice; .."

In my view the requirement of section 83(1)(b) is that when a charge of corrupt practice is levelled in an election petition, the petition must contain full particulars of such corrupt practice and in giving these particulars the petitioner should state the names of the parties who have committed corrupt practices and the dates and places of commission *as far as possible*. If the petition is lacking in particulars the High Court has the power to allow amendments under sub-section (5) of section 86; but to me it seems to be a strained argument that if any new name of a party who is alleged to have committed corrupt practice or a new date or place is introduced in the evidence oral or documentary, the Court has to reject or ignore such evidence. Explaining the provisions of section 83(1)(b) the Supreme Court in *Manubhai* versus *Popatlal*, A.I.R. 1969 S.C. 734, has recently observed:

> "The section is mandatory. Where a corrupt practice is charged against the returned candidate the election petition must set forth full particulars of the corrupt practice so as to give the charge a definite character and to enable the Court to understand what the charge is. The charge must be substantially proved as laid and evidence cannot be allowed to be given in respect of a charge not disclosed in the particulars. On a charge of telling the electors that by giving their votes to the Congress candidate, they would commit the sin of Go-hatya, evidence cannot be led to prove the charge of telling them that they would commit a sin of Bramha-hatya or the sin of disobeying the command of their religious leader."

The Supreme Court, it appears, points out in this judgment that the election petition must contain full particulars of the charge itself. In other words, the charge which the petitioner is making against the returned candidate must be fully, clearly and specifically brought out and no evidence of a charge not so brought out would be allowed to be led; but that does not mean that if the petition omits the name of any person who has committed the corrupt practice or the date or place of such commission, evidence as to the new name, date or place is to be shut out altogether. From this point of view, in my opinion, evidence on the activities of the persons named above can be looked into, no doubt, with a degree of caution and accepted if found to be believable.

I have said already that I do not wish to rest my judgment in this case on inference alone. Let us, therefore, examine whether there is direct evidence of the returned candidate's role in the publication of untrue statements against the character of his principal rival the respondent No. 3 herein.

Hara Prasad Chatterjee on the 4th February 1969, addressed a letter to the Returning Officer of the Jorabagan Assembly Constituency. The letter marked Exhibit "K" runs thus:—

> "Congress candidate in my area is circulating a wall poster not only in my constituency but all over Calcutta and West Bengal, with imaginary pictures of mine along with Shri Jyoti Basu, and giving my name giving details of purchase of house and land during the U.F. regime. The money for purchase of those properties, it is circulated, was obtained by giving bus permit. This is certainly false. As member of the R.T.A. you know how all the bus permits were issued unanimously by the 11 members of the committee on the basis of a fixed principle. I have no house nor have I more than one plot of land which I purchased in October 1966, i.e., long before installation of United Front Government from the Calcutta Improvement Trust and according to C.I.T. Rules, I shall have to pay the price by 15 instalments in 14 years. Normally deed is executed much later.
>
> "This is done definitely with the purpose of prejudicing my election. This is for your information and necessary action.
>
> "Congress is also issuing a leaflet giving imaginary cheque numbers by which I took money."

The Returning Officer, it appears, made an endorsement on this letter on the 6th February 1969, as follows:

> "This office has nothing to do in the matter. File."

Haraprasad's letter, no doubt, contains inaccuracies and exaggerations. For instance, in the wall poster there is no allegation that any house was purchased by Haraprasad. Moreover, there is no satisfactory evidence before me that the wall poster was circulated all over Calcutta or all over West Bengal. These are obviously allegations made by an election candidate involved in a keen contest at the heat of the moment; but the letter is important particularly from two of view. It is a contemporaneous document wi few days before the date of polling and it c statement relating to some of the basic cont the wall posters. Haraprasad has said that on February he had handed over the letter to the I ing Officer (q. 301). But as I have said earl Returning Officer made his endorsement on t February. Haraprasad has said further that not tell the petitioner about the Congress canc leaflet giving imaginary cheque number (q. 912

The next document of importance is Exhi which is an issue of "Ganasakti" [an evening of the C.P.I.(M) of the 5th February 1969]. tains a statement by Hara Prasad Chatterjee reg the impugned posters as also a Bengali transla his letter to the Returning Officer I have refer Haraprasad has said in his statement that the tions made against him are all untrue and, in such allegations were made previously by two papers including the "Janasevak" of the Cc Party. Haraprasad states further that he had tuted cases for defamations against these pape the Editors of "Janasevak" apologised to him the other paper was not published any further. documents relating to the previous incidents wer however, produced in this Court. If these docu had been produced, Haraprasad's case would been stronger; but exhibit I-1 reveals that p against these wall posters were made by Hara before the date of polling in his party paper.

Haraprasad's further evidence is that on the February, 1969, not only did he hand over his to the Returning Officer and take steps for pu tion of the contents of this letter in "Ganasakti also told a public meeting at Kumartuly Park th letter was being sent to the Returning Officer: qs. 920 to 926. He could not tell, however, wh any report of his Kumartuly Park meeting was lished in "Ganasakti": vide qs. 927 and 928.

Although no report of the meeting at Kum Park published in any newspaper was produced, is a document which refers to this meeting. It leaflet marked exhibit "B" stated to have been i by Dr. Sailendra Mohan Roy on the 5th Febr 1969, and printed by Sri Durga Press, Calcutta was not told where the Sri Durga Press was lo But Dr. Sailendra Mohan Roy, the alleged pub of the leaflet, is not a fictitious person. In fac has deposed in this case. The leaflet marked says, inter alia, that at the meeting at Kumartuly Haraprasad had said that he would have institu suit if he could trace the name and address o press which had printed the impugned wall po The leaflet claims that the wall posters do co the particulars of the press; but Haraprasad is tending that he does not know where the posters printed. The leaflet invites Haraprasad to ins his threatened suit before the election so that truth might be known to the public. According to leaflet the name and address of the press w printed the posters are "D.S. P.B. Calcutt The leaflet gives the particulars of the purchas plot No. 185, C.I.T. Scheme No. VII(M) and sul to the public that a certified copy of the deed purchase had been kept for inspection at No. 2 Upper Chitpur Road, which was admittedly the of Nepal Chandra Roy.

ilendra Mohan Roy has denied any knowledge of ication of this leaflet; but I do not accept his ince for many reasons.

Ashutosh Bhattacharjee is an allopathic physi- of the locality. He has his chambers at No. , Sovabazar Street, Calcutta. Opposite to him on azar Street is the dispensary of Sailendra Mohan who is a homeopathic practitioner. Ashutosh tacharjee is a staunch supporter of Hara Prasad terjee. It was evident from his depositions in that he was a partisan and interested ess. He could not even bear the name of the gress Party being uttered in his presence. He is a ulous person who loves to talk as much as ible particularly about himself. He started giving answers to questions put to him. The impression he made on me was unfavourable; but on one I am inclined to accept his evidence. He has to me that he had discussions about exhibit "B" Sailendra Mohan Roy. Sailendra according to practises at Butta Kristo Paul's homeopathic nsary on Sovabazar Street. On the 5th February, when Ashutosh was in his chambers, a few brought to him the leaflet marked exhibit "B". tosh knows Sailendra for a long time as a homeo- ic practitioner and a resident of Beniatola Street. the general election of 1967 Sailendra is not friendly with Ashutosh, as Ashutosh is a sup- r of the United Front and Sailen of the Congress; they talked to each other. Upon receiving the t he crossed over to Sailendra's dispensary and d him standing on the pavement. Sailendra took responsibility for publication of the leaflet and ted that the deed of purchase would bear out the of his statements in the leaflet. This was talk Ashutosh had with Sailendra at about 6-30 7-00 in the evening of the 5th February, 1969. tosh tried to get in touch with Haraprasad on telephone but failed. He was busy for the next days and thereafter when he met Haraprasad he ised Haraprasad of his talk with Sailen: vide 4 to 69.

hen Ashutosh Bhattacherjee made the statements said, I did not take him seriously on account of eneral demeanour on the witness box; but after ng Sailendra Mohan Roy on this particular aspect he matter, I changed my mind and I took the that on this point at least Ashutosh should be ved. Sailendra Mohan Roy has told me that he s Dr. Ashutosh Bhattacharjee for about 14 or ears. Ashutosh is neither a friend nor an enemy Sailen; but he has not been on speaking terms Ashutosh for about 14 or 15 years. The reason at 14 years ago he had heard Ashutosh abusing opaths and the discoverer of homeopathy before shop near Sailendra's chambers. Ashutosh said, rding to Sailendra, that all homeopaths were ks and there was no difference between homeo- ic medicines and the water of the river Ganges. ndra was infuriated by Ashutosh's talks and ed speaking to him since then. Sailendra's r was a double M.A. of the Calcutta University had studied homeopathy at home. Sailendra too ved his education in homeopathy in the same ner. He has neither any homeopathic degree nor he hold any homeopathic diploma. In his days was no homeopathic college in Dacca: vide 3 to 68.

After I heard Sailendra's answers aforesaid, I came to the conclusion that he was trying to tell me a fantastic story to avoid questions on his discussions with Ashutosh on exhibit "B". It did not seem to me that he was such an ardent and enthusiastic champion of homeopathy as to stop talking to an allopathic physician hostile to homeopathy who had been regularly practising opposite to him for the last 14 to 15 years. I felt convinced that Sailendra was making untrue statements.

The leaflet of Sailendra Mohan Roy has been mentioned in paragraph 7(k) and (l) of the petition. Paragraph 7(k) is verified as true to the petitioner's knowledge and paragraph 7(l) as based on information received from Guru Pada Bhattacharjee of 61 Sovabazar Street and Ramesh Chandra Dutta of No. 6 A. Barwaritola Lane, Calcutta. Both Gurupada Bhattacharjee and Ramesh Chandra Dutta have deposed before me. Both of them pretended to be non-partisan witnesses: but from their answers to various questions put to them, their respective demeanours on the witness box and a few documents with which they were confronted, I was left in no doubt that they were both supporters of Hara Prasad Chatterjee and C.P.I.(M), e.g., vide Ramesh Chandra Dutta's depositions questions Nos. 508 to 541, 431 to 503, and 274 to 409 and Gurupada Bhattacharjee's depositions questions Nos. 36 to 45, 23 to 26, 132 to 141. I have, therefore, to be cautious in weighing the evidence of these two witnesses. They have spoken not only about discussions with Sailendra Mohan Roy but also Nepal Chandra Roy himself. If I had to depend merely on their respective testimonies, my task might have been rather difficult; but what they have said to me on the material points involved is supported by Exhibit "B", i.e., the leaflet of Sailendra Mohan Roy as well as exhibit "N", which is the certified copy of the Conveyance of plot No. 185 of Scheme No. VII by the Trustees for the Improvement of Calcutta to Hara Prasad Chatterjee. Moreover, there is evidence on record to show that when Nepal Chandra Roy talked to them, Nepal did not know that either of them was a stubborn supporter of Hara Prasad Chatterjee or his party. Gurupada has said that on the 5th February, 1969, he got a copy of Exhibit "B" (q. 55). He had also heard Hara Prasad Chatterjee's protests against the impugned posters on the 4th February, 1969, at Kumartuly Park (q. 57) On the 6th February he was purchasing betel from a "Pan" shop when Ramesh Chandra Dutta came along (q. 66). Ramesh told him that he was going to Sailendra Mohan Roy to enquire about the leaflet (q. 69). Both of them went to the Chambers of Dr. Sailendra Mohan Roy (q. 77). Sailen told Ramesh in the presence of Gurupada that Nepal Chandra Roy had shown to him the certified copy of the Deed of Conveyance and, that was why, he agreed to his name being used by Nepal as the publisher of the leaflet, i.e., exhibit "B" (q. 82).

The evidence of Ramesh Chandra Dutta is that as Exhibit "B" was issued in the name of Sailendra Mohan Roy, he went to Sailendra to enquire about it. Sailendra told Ramesh that Nepal Chandra Roy had shown to him the "Deed of the house" and had requested him to issue this leaflet and also asked Ramesh to go to Nepal to see the "deed" himself (qs. 72, 73). Ramesh was accompanied by Guru Pada Bhattacharjee when he visited Sailendra Mohan Roy (q. 127).

Sailendra Mohan Roy told me that he knew Guru Pada Bhattacharjee who was politically affiliated to the C.P.I.(M). He could not, however, recognise Ramesh Dutta by name (qs. 65 to 72). He denied that Gurupada and Ramesh went to his chambers on the 7th February, 1969, with Exhibit "B" (q. 93). On earlier occasion I have indicated that Sailendra Mohan Roy has been trying his best to decline all responsibility for publication of Exhibit "B" and I hold the same view with respect to his answers to qs. 69 to 72 and 93.

The next part of the evidence relevant to me is the visit of Gurupada and Ramesh to the chambers of Nepal Chandra Roy which has been firmly denied by Nepal. Gurupada is a relation of Kanai Bhattacharjee who is a staunch supporter of Nepal Chandra Roy. In 1959 or 1960 Gurupada required the character certificate of a member of the Legislative Assembly. He obtained the certificate of Nepal Roy through Kanai. According to Gurupada he had been to the chambers of Nepal Roy on many occasions for the purpose of getting certificates for different persons. So far as his own certificate is concerned, Kanai took him to Nepal Roy's chambers and a certain person wrote out the certificate and got it signed by Nepal: vide qs. 266 to 281. The reason why I am mentioning these facts is that if it were known to Nepal Chandra Roy that Gurupada was a seasoned worker of the C.P.I.(M), he would not have given to him or to any person recommended by him character certificates so easily. In any event, Gurupada is a well-educated person and it would have been embarrassing for him to approach a Congress legislator who knew his political inclinations for a personal favour. The evidence of Gurupada is that when he went to Nepal Roy with Ramesh Chandra Dutta, Nepal Roy took out of his drawer a few sheets of folded papers which Gurupada presumed to be the certified copy of the Deed of Conveyance referred to in Sailendra Mohan Roy's leaflet marked Exhibit "B". Nepal Chandra Roy read out certain portions of this document and it seemed that what was stated in the leaflet was true. When he and Ramesh came out of Nepal Roy's chambers, Gurupada asked Ramesh: "Well, what do you see?" Ramesh did not answer Gurupada but was looking very worried and left him (qs. 194 to 201).

Gurupada's case is that both at the interview with Sailendra Mohan Roy and that with Nepal Chandra Roy he was merely a spectator. The conversations were between Ramesh Chandra Dutta on the one hand and Sailendra Mohan Roy and Nepal Chandra on the other. I have given a brief account of what Sailendra told Ramesh. Ramesh has said that Nepal Roy showed to him a certified copy of "some deed" and pointed out to him that the date of the document was the 11th May, 1967, and one of the parties to the document was the Improvement Trust and another party was Hara Prasad Chatterjee. He also showed to him the amount of Rs. 1,14,000.00. Nepal did not hand over the document to Ramesh but said "Now you see if I steal then I am a thief, but when others do this they are not thieves". He then pulled out the drawer and kept the document within the drawer (qs. 82 to 85).

I had my doubts as to whether Nepal would take Ramesh into confidence to the extent claimed by Ramesh (in his deposition) who is an incorrigible supporter of Hara Prasad Chatterjee. In fact, Nepal Roy told me in qs. 2351 to 2357 that he Ramesh as a Communist worker for the last years. He also knew what Ramesh had been soned for taking part in Communist move Ramesh, according to Nepal, was the Secretary Communist Party in the ward now known as No. 19 and previously known as either Ward N or Ward No. 18. Nepal knew further that R had served sentences in jail either in 1948 or in for a total period of 18 months. Even more th years ago Nepal was not on talking terms Ramesh but he knew him to be a Communist w

It would appear that Nepal Roy tried to crea impression that it was impossible for Rame approach Nepal with Exhibit "B" or any other far document; and in any event, it was absur Nepal made frank statements to Ramesh on E "B" supported by the certified copy of the D Conveyance.

But I find it difficult to take this view. Ramesh was on the witness box, Nepal Chandra was sitting in Court by side of his own Counse he was personally instructing Counsel to examine witnesses. Mr. Panja, on Nepal Roy's sonal instructions suggested to Ramesh in qs. and 1074 that Kanai Bhattacharjee a trusted w of Nepal Roy knew Ramesh very well; but N did not know Ramesh. These suggestions gla contradict the positive statements of Nepal a Ramesh when Nepal came into the witness several days later. I am of opinion that I sh accept the evidence of Ramesh in preference to of Nepal so far as this particular aspect of deposition is concerned and I hold that Nepal showed to Ramesh a certified copy of a docume support of the contents of the impugned pa well as the leaflet published in the name of Sailendra Mohan Roy, Exhibit "B".

The petitioner sought to prove before me that Tara Prasanna Ghose, a worker of Nepal applied for and obtained a certified copy of the D of Conveyance. The attempt of Nepal Roy has to show that Tara Prasanna, if at all, is not a C gress worker; but I do not want unnecessarily enter into these controversies when I am convi that Nepal Roy at the material point of time possess some kind of a copy of the relevant docu and did show that document to Ramesh Cha Dutta in the presence of Gurupada Bhattacharje bolster up allegations against the personal chara of Haraprasad Chatterjee made in Exhibits "A", and "C". In fact it was Mr. Panja who pointed to me that in paragraph 7(l) of the petition the alle tion is that the respondent No. 1 himself produ "some papers alleged to be the certified copy of deed of sale". The petitioner states however, that alleged certified copy was shown at the residence Nepal Roy and not in his chambers. But this is such a discrepancy which induces me to re altogether the testimonies of Ramesh Gurupada.

Now, Hara Prasad Chatterjee in his letter to Returning Officer dated the 4th February, 19 marked Exhibit "K" has stated that he has purcha a plot of land from the Calcutta Improvement Tr in October, 1966, and he has to pay the price course of 14 years by instalments. Hara Prasad made similar statements on the witness box which

allenged. A certified copy of the Deed of Conce between the Trustees for the Improvement Calcutta and Hara Prasad Chatterjee has been uced before me and marked Exhibit "N". Any on looking at this certified copy would form the ssion that the particulars of purchase set out in bits "A" and "C", namely, the impugned posters Exhibit "B" that is the leaflet of Dr. Sailendra al Roy were correct. For instance, the date of Conveyance is not same day in October, 1966, the 11th May, 1967, after the first United Front nment had been installed for several months. total price mentioned in this Conveyance is 1,14, 774.00 and it is not mentioned in this docu- that the purchaser has the right to pay by any ments at all far from payment by instalments period of 14 years. On an examination of this ment, that is, Exhibit "N" it seems to me that Ramesh and Gurupada said to me about the nts of the alleged certified copy that Nepal Roy d to them must be correct.

e evidence discussed above is enough for me to that Nepal Chandra Roy, the returned candidate, responsible for publication of a statement of fact h is false and which he either believed to be false id not believe to be true in relation to the per- l character of Hara Prasad Chatterjee, the res- ent No. 3, being a statement reasonably calcu- to prejudice the prospects of Hara Prasad terjee's election. This is a corrupt practice under section (4) of section 123 of the Representation People Act, 1951, which has the effect of in- ating the election of Nepal Chandra Roy.

his judgment I have not discussed a very large of evidence led by or on behalf of the peti- r and the corresponding evidence in rebuttal by l Chandra Roy and his other witnesses. The on that I have concentrated on only those rts of the evidence which I have found to be reliable. The evidence of the petitioner and his esses which I have not discussed at all is, in my ion, either irrelevant or entirely partisan or ough unreliable and the length of this judgment I need be prolonged by dealing with such worth- matters. Moreover, the evidence that I am in- ed to believe is sufficient for the order which the ioner has asked for. I have not also dealt with ints which the petitioner and his witnesses wanted to make for the first time in Court and no indica- whatsoever of was given in the petition, e.g., Sakti- 's statements regarding Nepal Roy or his agents ising sadhus and beggars by paying them money ke false votes in the election.

ner not taking any other steps under section 99 the Representation of the People Act, 1951. On ide- e I have found to be acceptable it might been possible in addition to Nepal Chandra Roy, ame Dr. Sailendra Mohan Roy, Dr. Asoke jee and Kashinath Mullick. But Kashinath has ne that practically he has not received any edu- n at all. He cannot even read or write (qs. 23 and 95 to 114). It was not, therefore, possible e to appreciate the implications of the impugned s. In any event, from the tenor of his evidence y be possible to hold that he believed that the statements made in the posters were true. Then, the evidence of both Gurupada and Ramesh is that Sailendra Mohan Roy told them that Nepal had used Sailendra's name as the publisher of Exhibit "B" by showing to Sailendra the contents of a certified copy of the Deed of Conveyance which Sailendra accepted as correct. The same observation applies to Dr. Asoke Banerjee. On the evidence on record I find that Dr. Asoke Banerjee is an elderly, well-educated and respectable person who has himself been a candidate in elections. I do not think he would have agreed to lead election processions with the impugned posters if he did not believe that the statements therein were true. In these premises, the charge of corrupt practice levelled against Nepal Chandra Roy under section 123(4) of the Representation of the People Act, 1951, would not lie either against Kashinath or against Dr. Banerjee or against Sailendra Mohan Roy.

I now come to Issue No. 2. In paragraph 20 of the petition it has been stated that the petitioner has duly complied with all relevant and necessary provisions of law required for the petitioner to comply with for making and presenting this petition. In paragraphs 28(a) and (b) of the Written Statement of Nepal Chandra Roy these statements are disputed. Mr. Panja, Counsel for the respondent No. 1 relies on section 80 of the Representation of the People Act, 1951. The section provides that no election shall be called in question except by an election petition presented in accordance with part III of the Act. Mr. Panja argues that section 83 is included in part III of the Act of 1951. The proviso to clause (c) of subsection (1) of section 83 prescribes that where the petitioner alleges any corrupt practice, the petition shall also be accompanied by an affidavit in the prescribed form in support of the allegation of such corrupt practice and the particulars thereof. This prescribed form is form No. 25 under rule 94A of the Conduct of Election Rules, 1951. Form No. 25 prescribes, inter alia, that in the affidavit of the petitioner the name of the corrupt practice alleged to have been committed, has to be stated. Mr. Panja's complaint is that in the petitioner's affidavit affirmed on the 24th March, 1969, the name of the corrupt practice has not been mentioned and on this ground alone the petition Counsel for the respondent No. 1, of section 80 and section 81 of the Representation of the People Act, 1951.

The Rajasthan High Court considered the scope of the proviso to section 83(1)(c) of the Representation of the People Act, 1951, in Satish Kumar vs. Election Tribunal, AIR 1963 Rajasthan, 157. It is stated that the intention of the legislature to introduce this proviso was to prevent the petitioner filing an election petition from making wild allegations about corrupt practices and to impose on him a reasonable restraint, so that if false statements were made he could be prosecuted for perjury. The legislature, says the Rajasthan High Court, also considered it proper that the Central Government should prescribe the form of affidavit so that the petitioner may be able to present his affidavit in that form. This does not, however, according to the Rajasthan High Court, mean that if an affidavit substantially complies with the form prescribed, it must be thrown out simply because it does not tally with the prescribed form in immaterial particulars.

I am inclined to agree with this view. To my mind, it seems, that the commission of the election petitioner to specify in the affidavit accompanying the petition the name of the corrupt practice stated to have been committed is not such a defect as would invite an order for dismissal of the petition in limine. I, therefore, overrule this objection on behalf of the respondent No. 1.

In the result, it is declared that the election of the respondent No. 1 from the 130—Jorabagan Assembly Constituency is void and the said election is set aside.

We have seen that the petitioner tried to lead evidence on different varieties of corrupt practices; but many of them were given up at the last stage of the trial of this petition. Secondly, he has called numerous witnesses whose evidence is wholly unacceptable. Thirdly, most of the witnesses whose evidence I have believed have also spoken of matters on which I am unable to place any reli Fourthly, at the instance of the petitioner and supporters, Counsel appearing for him had made suggestions to the opponent and his witnesses were not only risky but also uncalled for. On grounds I direct that each party will bear and pa own costs.

Issue

Whether the closure of the factory with effect from 28th February 1969 is real or it is a case of lock-out in the garb of closure ? What relief, if any, are the workmen entitled to ?

After the case was registered, notices were issued to the parties. Notices could not be served on either party. The Secretary of the Union however appeared before the Tribunal and accepted the notice being identified by Shri N. D. Srimati, Advocate. Notice issued on the Company came back unserved with the postal remark "Company locked out". The Union was asked to supply the address of the Company where notice on the Company was to be served as early as 8th September 1969 but from that date till 13th May 1970 the Union has not supplied the

address of the Company where the notice was to be served. On 13th May 1970 the Union did not appear. In the circumstances there is no other alternative but to dismiss this case. Hence ordered that the case is dismissed in default.

This is the award of the Tribunal.

AWARD

The Labour Department, Governme Bengal, has referred an industrial dispu Messrs. Reform Flour Mills (P) Ltd. workman Shri Ajit Kumar Ghosh, to nal under its order No. 8639-I.R., dated ber 1969, for adjudication of the ma section 10 of Industrial Disputes Ac following issue :

Issue

Quantum of bonus payable to Shri Ghosh for the year 1967.

I received this reference on 18th 1969.

Usual notices were served upon the p pursuant to such notices both the parti appearance and filed their respective statements. The workman concerned written statements on 23rd December after taking several extensions of ti written statement, the management written statement on 25th February 19 ments were filed and I took up hearin reference on 30th April 1970 and hear for 2 days and it was concluded on 2nd

This is a very short case and the ca workman concerned is that he was a Ste under the management. On 13th Septe he resigned and since his resignation h attend his office and on 1st October resignation was accepted. In 1968, for 1967, the management declared 12½ per ce and thereafter on 3rd September 1968 t man concerned approached the manage requested the opposite party to settle bonus for the year 1967. He was offe 4 per cent. bonus instead of 12½ per cent From that position the contretemps betwe agement and the employee started. Th claimed that as 12½ per cent. bonus was d he is legitimately entitled to it and the ment resisted it on the ground that there allocable surplus.

The contention of the management is t —firstly, it resists the claim of the workm cerned on the ground that the reference not maintainable and secondly, it takes it on merits. On the first point its conte that it is an individual dispute and as su dispute cannot come within the ambit of rial Disputes Act and on the second point tention is that 12½ per cent. bonus was decl the basis of the agreement entered into between the employees and the manage 7th June 1968 and as Shri Ajit Ghosh, w concerned, was not a party to such agr he cannot claim the benefit thereunder. argued that there was no allocable surp such for the relevant year that is to say fo and so why 4 per cent. bonus (minimum) payable to Shri Ajit Ghosh.

Shri Ajit Ghosh, P.W. 1, himself dep said in cross-examination that he did any enquiry whether the Company m

s or not. He claimed 12½ per cent. bonus be- others got it for that particular year. ıceded that he did not refer the matter to ıion although there was a union. On be- the management Shri Pabitra Roy, O.P.W. ɔsed. He said amongst other things that vas no available surplus for payment of for the year 1967.

st of all want to take up the preliminary on as agitated by Mr. Satish Sen on be- the management. Mr. Sen argued that in case an individual cannot ask for a refe- and for that he referred to me section 21 Payment of Bonus Act. His argument is ction 21 provides for recovery of bonus ɔm an employer under settlement or under eement and in the instant case bonus was d under an agreement to which Shri Ajit osh wants to participate at the rate claimed n. He should have made an application appropriate government for the recovery money due to him and it is not the proper to agitate such a question. Mr. S. Sen fers to section 22 of the Payment of Bonus ıich starts with the following words :—

ere any dispute arises between the em- and his employees with respect to the payable under this Act or with respect to plication under this Act....." and t he contends that the word "em- " under section 22 as against "employee" section 21 makes all the difference. Mr. contends that section 22 envisages a case there is a collective bargaining and when ployees enmasse claim for bonus then only ute arises under section 22, but section 21 vith individual dispute on payment of under an agreement. I cannot reconcile with the said argument of Mr. Sen. Firstly, jit Ghosh does not claim for the bonus a settlement or under an agreement as Mr. Sen himself has argued that he was party to the agreement which has been n Ext. A in this case. Therefore, in this ction 21 of Payment of Bonus Act does ply ; if Mr. Sen's argument was correct henever there is more than one employee 22 would come into operation, it will e to an anomaly. In this reference if ere two employees, then the section would en attracted if the argument of Mr. Sen e accepted. The Tribunal cannot import v meaning to a section which is not there in reading of the section 22 and the ble and workable interpretation of sec to my mind, draws within its ambit an al employee as well. The word "em- include a single employee as well ; e the result would have been incongru-

e premises, I hold that one particular could have raised a dispute under Pay- Bonus Act. Mr. Sen further argued that g the case of an individual dispute, only 2A of Industrial Disputes Act is the only section and that the section 2A refers to dismissal, retrenchment or termination of service of the workmen. To my mind, in this case, section 2A has got nothing to do. The reference has been made under section 10 of Industrial Disputes Act read with section 22 of Payment of Bonus Act. Therefore, provisions of Payment of Bonus Act will apply in this case and only by legal fiction it is contemplated in section 22 of Payment of Bonus Act itself that such a dispute under Payment of Bonus Act will be deemed to be an industrial dispute within the meaning of Industrial Disputes Act, 1947. In the Payment of Bonus Act itself, there is no specific bar that an individual cannot raise any dispute regarding the payment of bonus. So, in my opinion, the preliminary objection as raised by Mr. Sen, has no force.

Apropos of the merits, Mr. Sen argued that as there was no allocable surplus, Shri Ajit Kr. Ghosh was entitled only to 4 per cent. bonus and he cannot claim to participate to the bonus at the rate agreed upon by and between the management and its employees, when he ceased to be an employee. For this it is necessary to refer to the agreement itself (Ext. A). The agreement followed a charter of demands, which was made long before Shri Ajit Ghosh resigned. The said charter of demands included bonus payable in 1968. Payable in 1968 means bonus for the year 1967 payable in 1968. Clause L of the agreement is the relevant clause which deals with the payment of bonus.

The said clause runs like this— It is agreed that in full and final settlement of all claims of bonus of all types and in lieu of bonus under the Payment of Bonus Act, payable during 1968 and 1969, the employees will be paid 12½ per cent. of their earnings from salaries in the respective accounting year. This settlement will be within the meaning of section 32(vii)(b) of Payment of Bonus Act". Another clause (Q) is also relevant for this purpose. It runs as follows:—

"It is agreed that this settlement is in respect of only the head office of the abovenamed Companies and their existing employees (underlined by me) covering.....as mentioned in the title covering head of this settlement.

Mr. M. P. Sen on behalf of the empioyee argued "existing employees" means the employees who were there at the relevant year that is to say during the year 1967. I am not inclined to accept his contention. The word 'existing' means to continue to be ; therefore the agreement purports to cover only those who continue to be employees. But then can there be any discrimination of payment of bonus between one employee to another by such an agreement because one is not a member of the Union, because one has not come through Union, because one has left service before the agreement was entered into, and so be deprived of his dues. The legislature is always inclined to bestow upon all men same treatment in every field of life unless on some valid necessity some discrimination has to be made. Our Constitution envisages that there

should not be any discrimination between one and the other in the same field. Section 8 of the Payment of Bonus Act says that every employee shall be entitled to be paid by his employer bonus for the accounting year in accordance with provisions of Bonus Act, provided he has worked in the establishment for not less than 30 working days. In the Act itself no provision has been made for such a case where after resignation of some employees (as it is here) Union has come into a settlement with the management for having a bonus higher than it was due to them as in this case 12½ per cent. instead of 4 per cent. Social justice demands that such distinction should not be made and industrial tribunals are expected to rationalise the law according to principles of social justice unless there is a specific bar in the law itself.

The coverage clause (Q) of the agreement cannot clinch the issue for this reason—the agreement purports to settle many disputes, e.g., Saturday working, tiffin allowance, dismissal of the employees, transfer, service rules, etc. Therefore, it has got to say who are the employees to be governed by such an agreement in an omnibus manner. Every agreement has got to be given a reasonable meaning. So far bonus is concerned every employee must participate equally in the bonus declared and there cannot be any difference of rates between one employee and the other, otherwise the situation would be anomalous. Some persons who are not members of the Union might have left service before bonus is declared or some employees although members of the Union left service before the bonus is agreed upon and in those cases can the Company say that there will be different rates of bonus ? After all by whatever mode it may be bonus was declared at a certain rate and every person whether he is a party to the agreement or not will participate in such declared bonus at the declared rate. Any interpretation contrary to that, in my opinion, is unacceptable. Mr. S. Sen on behalf of the management cited to me a judgment (National Carbon Co. V. Gan and others) reported in 1958 (II) LLJ. P-472 and he referred to me at page 479 of the said report. But there, the facts of the case are different from the present one under consideration. There it was contended on behalf of the employees that the Tribunal was wrong in not considering the quantum of bonus paid by other engineering concerns for the relevant year, but in the present case under consideration, particular quantum of bonus was declared by whatever mode it may be and the employee concerned is claiming bonus at that rate and as such the facts of the case are distinguishable from the judgment cited above.

In my view, subject to what has been stated before, the employee concerned is entitled to bonus at the rate of 12½ per cent for the reasons following :—

(1) It is admitted that he is eligible for bonus : only dispute is at what rate he will get the same. (2) Rate of declared bonus is 12½ per cent. : there is no other declared bonus, at least there is no evidence to that effect, as such the emp cerned is entitled to get bonus at the rate, (3) Moreover, as a measure of soci too there should not be any distinctio for payment of bonus and if the matter generally by rationalising all points o think both equitably and legally the concerned is entitled to 12½ per cent. bo law does not prohibit specifically such a If there is inconsistence between law rate of bonus I am going to award, the of social justice could not come in and of law would have prevailed. In this there is no contrary legislation to there is no bar for giving bonus to the concerned at the rate of 12½ per cent., arrived at by the Union and the mana

Under the circumstances, I think the concerned is entitled to bonus at the r per cent. Hence, I award that Shri A Ghosh is entitled to 12½ per cent. bonu particular year. He will get the said b rata for that year (1957) calculated period he actually worked. Managem pay this amount within one month of t cation of the award in the official gaze

This is my award.

bour Department, Government of West s referred an industrial dispute between Makhanka Oil Mill, 27 Lockgate Road, and their workmen represented by North Oil Mill Guchcutta Mazdoor Union, 33 la Main Road, Calcutta-54, to this Court by No. 3244-I.R./IR/15L-6/69, dated the 15th under section 10 of the Industrial Disputes (XIV of 1947), for adjudication on the issues :—

Issues

ether the dismissal of the following work- men is justified? What relief, if any, are hey entitled to?

hri Badri Narayan Singh, (ii) Shri Ramgarib Yadav, (iii) Shri Gogai Kurmi, (iv) Shri Baburam Ahir, (v) Shri Baburam Yadav, (vi) Shri Biswanath Yadav, (vii) Shri Sidhyeswar Sadhukhan, and (viii) Sm. Parul Bala Singh.

hether the refusal of employment to the following workmen is justified? What relief, if any, are they entitled to?

hri Mangru Gossain, (ii) Shri Bosowan Yadav, (iii) Shri Daroga Yadav, (iv) Shri Ramballi Yadav.

The case of the Union is that Shri Badri Narayan Singh and 7 other workmen as mentioned above have been wrogfully dismissed from service. Their further case is that Shri Mangru Gossain and 3 other workmen as mentioned above have been wrongfully refused employment and that as such they pray for reinstatement in service and recovery of backwages.

This case is not contested by the Company. It appears from the record that notices were served on both sides. 21st July 1969, was fixed for appearance by the parties and for filing statement by the Union. Since 21st July 1969, the Company was absent. As found from order No. 12, dated 10th April 1970, the case was fixed for hearing on 14th May 1970. On 10th April 1970, the Company was absent. On the previous several dates the Company was absent. In such circumstances the case has been heard ex parte.

On the side of the Union Sidyeswar Sadhukhan has been examined. From his evidence it is found that there was dispute between the Union and the Company regarding payment of overtime wages. Sidyeswar Sadhukhan in his evidence says that they formed a Union for recovery of overtime wages, that after forming the Union they put forward their claim for overtime wages, that as they put forward such a claim some of the workmen were retrenched, that the Union took up the cause of the said retrenched workmen with the Labour Commissioner, that when such a dispuate was pending the Company declared lock-out, that after declaration of lock-out by the Company the Union referred the matter to the Labour Commissioner, that there was a conciliation proceeding and the dispute regarding lock-out was settled and the terms of settlement was embodied in an agreement marked Ext. 1, that it was settled that all the workmen of the Company will join their work by 1st June 1968, that the workmen went to join their work but the Company did not allow them to join their work on that date, that the matter again was referred to the Labour Commissioner and the Labour Officer, Government of West Bengal, wrote to the Company asking it to allow the workmen to join their work, that inspite of it, the Company did not allow the workmen to join their work, that thereafter charge-sheets were issued to all the workmen of the Company, that the workmen submitted explanation to the charge-sheets, that an enquiry was held, that the workmen attended the enquiry, that they went to the enquiry with their witnesses, but the evidence of their witnesses was not taken, that there was no enquiry in respect of the workmen named Mangru, Bosowan, Daroga Yadav and Ramballi Yadav, that no charge-sheet was also issued to these 4 workmen, that letters of dismissal were also issued to these workmen. This witness on behalf of the workmen prays for recovery of wages with effect from 1st June 1968, and for reinstatement in service.

It is true that an enquiry against Shri Badrinarayan Singh and 7 other workmen as mentioned above was held. But it is in evidence that they went to the enquiry with their witnesses but the evidence of their witnesses was not taken in support of their case. Accordingly I find the enquiry as against those workmen has not been legal. So dismissal of the said 8 workmen has been illegal and is not justified.

From the evidence on record it is also found that there was no enquiry in respect of the workmen named Mangru Gossain and 3 others an mentioned above and

no charge-sheet was also issued to them. In such circumstances it is found that refusal of employment to these 4 workmen has been illegal and is not justified.

Accordingly it is found that all the workmen mentioned above should be reinstated in service and they should also recover back wages with effect from 1st June 1968, as prayed for by the Union.

The Company is, therefore, directed to reinstate all the workmen mentioned in the order of reference in their service and to pay them their back wages with effect from 1st June 1968, within 30 days of the date of publication of this award in the "Calcutta Gazette".

This is my award.

pany in its written statement raised the ssue that the order of reference was as much as the workman concerned did grievance in writing or otherwise about on of his employment to the manage- at the workmen did not at any time with the management any industrial g to the termination of his employment. ary point was first taken up for

the workman is that the workman ed by the letter of termination of his service prayed to the accountant of the Company for his re-instatement who gave the workman hope of re-instatement but ultimately that assurance did not materialise.

At the time of hearing both parties adduced evidence. Rajendra Kumar Jalan, Manager of Auto Distributors Ltd., deposed on oath that the workmen did not write to him questioning the termination of his service. He further deposed that neither the workmen wrote to the Company disputing the correctness of the termination of his service. The workman himself deposed that in his deposition he did not controvert the deposition of Rajendra Kumar Jalan to the effect that the workman did not raise any dispute over the termination of his service either with the Company or with the manager. The only thing the workman deposed is that he raised a dispute in writing with Mr. Damani regarding his dismissal. Mr. Damani was the accountant of the Company but the workmen did not file the copy of the letter to show that he raised any such dispute even with the accountant. Neither the workmen called for from the Company's original letter raising dispute over the termination of his service. In the circumstances, it must be held that there is no evidence to show that the workman concerned raised any dispute with the management of the Company over the termination of his service. This case is therefore, hit by the ruling reports in A.I.R. 1968 S. C. page 529 where their Lordships of the Supreme Court laid down that in order to constitute an industrial dispute the employee should raise the dispute with the employer. There was therefore no industrial dispute which the Government could refer to this Tribunal and as such this Tribunal has no jurisdiction to adjudicate over the dispute.

This is the award of the Tribunal.

AWARD

The Government of West Bengal in the Labour Department by order No. 7139-I.R./IR/11L-406/68, dated 20th September 1968, referred under section 10 of the Industrial Disputes Act to this Tribunal an industrial dispute relating to the undermentioned issues existing between the Durgapur

Club, P. O. Durgapur-4, and their workmen represented by Durgapur Club Workers' Union. C/o. Roy & Co., Nachan Road, Durgapur-4, for adjudication of the same :

Issues

(1) Whether closing down of the Club from 27th November 1967 and termination of services of all the employees resulting in break of services are justified ? To what relief, if any, are the employees entitled ?

(2) Whether termination of services of Shri G. Das and Shri Azizul Hoque is justified ? To what relief, if any, are they entitled ?

(3) Whether suspension of Shri Sripat Harijan with effect from 1st March 1968 and his subsequent conversion from monthly-rated to daily-rated are justified ? To what relief, if any, is he entitled ?

On getting the reference this Tribunal issued notice to both parties and they duly appeared and filed their respective written statements. On 15th July 1969 the Durgapur Club filed a petition raising a preliminary objection that the Club is not an industry and its employees are not workmen within the definition of Industrial Disputes Act and as such the reference is not maintainable and the Tribunal has no jurisdiction, and it prayed for hearing on this point first as preliminary point. This prayer was allowed. The Union thereafter took adjournments—after adjournments and ultimately evidence on this point was taken on 12th February 1970 and 27th May 1970. On both the dates the Union was present and contested the matter. But ultimately on the date of argument, i.e., on 29th May 1970 the Union did not advance any argument though its representatives were present in the Tribunal. This matter has been discussed by me in details in my order No. 22, dated 29th May 1970. The Union has examined one witness, namely, P.W. 1 Shri Gopal Chandra Sarkar, who was cross-examined by the Club and the Club examined one witness, namely, O.P.W. 1 Shri I. G. Ittyerah, who was cross-examined by the Union.

The Union has alleged in its written statement that the functioning of the Club and its activities will show that it is not merely a Club and it runs just like a business organisation similar to Co-operative Organisation. It also asserts that the various activities of the Club would reveal that the underlying motive is profit making. The Union contends that the Club has a Bar and it sells alcoholic drink and also caters food to outside organisation and rents its own space to various organisations and persons.

In its written statement the Durgapur Club denies all the allegations of the Union. It asserts that its functions and activities are similar to any other membership club. The rules tions of the club distinctly prohibit th profits, if any, by its members and th not make any profits for any of its me pursuance of the objects of the club, th vides indoor and outdoor games to i and runs a Bar where wines and alco are available for the members. The cl run any restaurant but caters snacks, dinner for its members from the kit tained by it. The facilities of the clu that of the kitchen and the Bar are r the members and their families only. bers may bring any guest on certain d certain times in accordance with the r club, but no outsider is entitled to a of the club. The club denies that it to outside organisation or rents its sp siders. Any member of the club coul permission of the Managing Committ the space like the club hall for his ex during a particular time and date, an of the club is permitted by the Managi tee free of charge or at such charges fixed by the Managing Committee ; occasions are rare in the Club and do 3 to 4 a year.

O.P.W. 1 Shri I. G. Ittyerah is a mem Managing Committee of the Durgapur he is at present acting as the Secret Club. He has produced the rules an of the club, namely, Ext. A. He say members are allowed to sign for the the club and guests are not allowed to that there are restrictions for their ent club. It is also his positive statement Catering Department of the club does for outsiders and that the club does not space to outsiders. In cross-examina witness says that a member of the club a guest with him and with the specific p of the Committee a member can take an of guests. The club maintains a Bar License. With the specific permissio Committee a member can give party to provided that the Committee is satisfied member concerned has taken the res for paying the bills for the parties. He says that only one organisation, name India" has taken space of the club a months back, but this was subsequent t sent reference and hence we are not with the same. We are only to see t tions as existed at the time of reference

On behalf of the Union P.W. 1 Sh Chandra Sarkar says that he worked Durgapur Club from 1961 to 1968 as Ty Clerk. He says that he was dismissed a involved in Trade Union activities. But examination he admits that the Durgap Workers' Union was formed two years b termination of his service. He admits raised a dispute regarding terminatio service and it is pending before the P.W. 1 Shri Sarkar has alleged in his that the club is a registered dealer und Sales Tax Registration Act, but no docu

produced to prove the same. He says that lub had no trade license previously but after- s it got a trade license. In cross-examina- he says that he came to know from one of staff of Durgapur Notified Area Authority the club got a trade license, but he could not the name of the person from whom he came now about this alleged trade license. In s-examination he further says that he can- say exactly whether the club has or has not trade license and that his evidence regarding alleged trade license of the club is only hear- So there is no satisfactory evidence to prove the club holds a trade license and is a tered dealer under the Bengal Sales Tax stration Act as alleged by the Union. He alleges that even non- bers can take food with the help of coupons lied by the club. club has produced the rules and bye-laws and P.W. 1 Shri Sarkar admits that these nd regulations were all existing while he rking in the club. Rule 2 lays down that jects of the club are :

to provide facilities for entertainments, dances, sports, games and social amenities, etc.

(ii) to apply such profits as may be made to the promotion of the Club's interests, but not distribute such profits to the Club Members ;

(iii) to provide and distribute food, wines and spirits, tobacco and refreshments amongst members for consumption on or off the Club premises at suitable charges;

(iv) to do all such things as are conducive to these objects.

As regards taking of guests it is stated in Rule 14 that no Temporary or Associate Member may introduce a guest to the Club except with the permission of one Committee Member or the Secretary. It is further stated that any two Members of the Committee may at any time and without assigning any reason request the withdrawal from the Club premises of any person admitted as a guest. Under Rule 16 the Committee reserve the right to close the Club premises or any part thereof to other than Members on occasions which it may deem peculiar to the Club itself. Under Rule 12 of the amended bye-laws members must sign for drinks at the time of ordering and Bar Stewards have orders not to serve drinks to bearers, who do not produce a signed bar chit.

Under the Industrial Disputes Act the word "Industry" has been defined in clause (j) of section 2 as follows :-

'industry' means any business, trade, undertaking, manufacture or calling of employers and includes any calling, service, employment, handicraft, or industrial occupation or avocation of workmen."

In the case of Madras Gymkhana Club Employees' Union Vs. The Management of the Gymkhana Club (A. I. R. 1968 Supreme Court 554) it appears that Madras Gymkhana Club was a member's club and the object of it was to provide a venue for sports and games and facilities for recreation and entertainment, and as part of its latter activities it arranged dance, dinner and other parties and ran a Catering Department, which provided food and refreshments not only generally but also for dinners and parties on special occasions. It has been held by the Hon'ble Supreme Court of India that this club was only a member's club and a member's self-serving institution and not an industry. From the facts of the instant case before us we find that the Durgapur Club also carries same sorts of activities as those done by the Madras Gymkhana Club and accordingly it cannot be an industry as laid down in these rulings. The Hon'ble Supreme Court of India has observed in this case :

"The definition of 'Industry' is in two parts. In its first part it means any business, trade, undertaking, manufacture or calling of employers. This part of the definition determines an industry by reference to occupation of employers in respect of certain activities. .....The second part views the matter from the angle of employees and is designed to include something more in what the term primarily

denotes. By the second part of the definition any calling, service, employment, handicraft or industrial occupation or avocation of workmen is included in the concept of industry. .....But the second part standing alone cannot define 'industry'. .....The principles so far settled come to this. Every human activity in which enters the relationship of employers and employees, is not necessarily creative of an industry. Personal services rendered by domestic and other servants, administrative services of public officials, service in aid of occupations of professional men, such as doctors and lawyers, etc., employment of teachers and so on may result in relationship in which there are employers on the one side and employees on the other but they must be excluded because they do not come within the denotation of the term 'industry'. Primarily, therefore, industrial disputes occur when the operation undertaken rests upon co-operation between employers and employees with a view to production and distribution of material goods, in other words, wealth, but they may arise also in cases where the co-operation is to produce material services. .....It is, therefore, clear that before the work engaged in can be described as an industry, it must bear the definite character of 'trade' or 'business' or 'manufacture' or 'calling' or must be capable of being described as an undertaking in material goods or material services. .....Where the activity is to be considered as an industry, it must not be casual but must be distinctly systematic. .....The Union contends that the club in the present case must also be treated as an industry. In fine the claim is based on the following considerations : (a) that the club is organised as an industry is organised on a vast scale with multifarious activities, (b) that facilities of accommodation, catering, sale of alcoholic and non-alcoholic beverages, games, etc. are provided, (c) that the club runs parties at which guests are freely entertained, and (d) that the club has established reciprocal arrangements with other clubs for its members. In our opinion none of these considerations is sufficient to establish that the club is an industry within the Industrial Disputes Act."

Applying these rulings of the Hon'ble Supreme Court of India to the facts of the instant case before us it is clear that the Durgapur Club cannot be said to be an industry within the meaning of the Industrial Disputes Act. I may also refer to the decision of the case of Cricket Club of India Vs. Bombay Labour Union (A. I. R. 1969 S. C. 276). The facts of that case showed that the Cricket Club of India was a Members' Club and not a proprietary Club though it was incorporated as a Company under the Companies Act. The principal objects of the club were to encourage and promote various sports, particularly the game of cricket in India and elsewhere also to finance and assist in financing matches and tournaments. In addition, vided a venue for sports and games as facilities for recreation and entertainment Members. It maintained Tennis Courts, Games and a Swimming Pool. The Club h provision for residence of members. M occupying these residential flats and room charged. There was also a Catering Dep which provided food and refreshments members coming to the Club as well as residing in the residential portion, and made arrangements for dinners and par outside agencies on special occasions at quest of members. But such occasions we few and were not such as to amount to a feature. The affairs of the club were m by an Executive Committee and various h office-bearers. Apart from all these, ther a certain number of buildings just outs Stadium which were let out for use as sh offices by business concerns. The incor the club earned was primarily from th mentioned constructions. It was held case that Cricket Club of India was not dustry". It was a self-service club.

The activities of the Durgapur Club as from the evidence are in some respect sim those of Cricket Club of India and hence the rulings it is clear that the Durgapur cannot be an industry. I may also refer decision of the Hon'ble Calcutta High C the case of Asiatic Society's Employees Uni Asiatic Society and others as reported in ries and Labour Reports 1970 (20) page 54 the Hon'ble Court has discussed all the r rulings of the Supreme Court of India i connection and it has observed that the c of 'industry' postulates partnership b capital and labour but any activity in there is co-operation between the employe the employee is not an industry. It will industry only if the co-operation is direct necessarily involved in the production o goods or in the rendering in the service wh the object of the establishment concerned the contribution made by the employer capital.

Thus on a careful consideration of all the and circumstances and the principle of la discussed above I find that the Durgapur C not an industry within the meaning of th dustrial Disputes Act and hence the presen pute is not an industrial dispute and as such Tribunal has no jurisdiction to entertain dispute.

This is my award.

our Department, order No. 3756-I.R./IR/ 9, dated 30th May 1969, the Governor ed to refer the instant dispute between Purushottam Traders Private Limited, Road, Calcutta-1, and their workmen re- by Motor Workers' Union, Calcutta, 24-Parganas, and Hooghly, 19/2A Pitam- k Lane, Calcutta-27, under section 10 of trial Disputes Act, 1947, to the First Tribunal constituted under notification .R./IR/3A-2/57, dated the 11th March adjudication, on the following issue:

Issue

er refusal of employment to Shri Deo rayan Rai is justified? To what relief, ny, is he entitled?

ipt of usual notices the workman filed statement on 13th February 1970. The did not file any written statement. The case of the workman is that he was a driver of the Company at a salary of Rs. 200 per month. He further says that he went on leave with effect from 1st September 1968. After the expiry of the leave he resumed his duties but he was not given any work. So he wrote to the Company requesting it to allot him duties but the Company did not reply. Then he sent complaint to the Labour Commissioner which culminated in this reference.

Though the Company did not file any written statement at the time of hearing it raises a preliminary point. Its contention is that as the dispute is an individual dispute and the case of the workman is not sponsored by the Union or a large number of workmen of the Company this reference under section 10 of the Industrial Disputes Act is not maintainable. The workman does not challenge the correctness of this contention. As a matter of fact after this reference the workman himself requested the Government to make an appropriate reference in respect of his dispute under section 10 read with section 2A of the Act and in pursuance of his request another reference of the same dispute under section 10 read with section 2A of the Act was made and that reference is pending. In view of the fact that this reference under section 10 of the Act relates to an individual dispute which is not sponsored by the Union or any large number of workmen it is not maintainable.

In view of the above this Tribunal does not enter into the merits of the dispute.

In the matter of an industrial dispute existing between The Marwari Relief Society, 277 Rabindra Sarani, Calcutta-7 and their workmen represented by Marwari Relief Society Hospital Workers' Union, 77 Burtolla Street, Calcutta-7. (Case No. 665 of 1967.)

By the Government of West Bengal, Labour Department, order No. 4327-I.R./IR/11L-394/67, dated the 2nd September 1967, this industrial dispute between The Marwari Relief Society and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below :

Issue

Whether the dismissal of Shri Ram Bachan Pandey is justified ? To what relief, if any, is he entitled ?

On receipt of notice both the parties made appearance and filed their respective written statements. The facts of the case are as follows:—

Shri Ram Bachan Pandey was employed by The Marwari Relief Society in the capacity of in-charge of the Seva Bibhag and the Arogya Bhawan. Poor students used to be given books free of cost by the Society. Sm. Namita Sen, a teacher of the Marwari Relief Society, wanted a book for her daughter in February 1965, and she approached Ram Bachan for the purpose. As directed by Ram Bachan Pandey she herself purchased the book at a cost of Rs. 25. Ram Bachan said that he would pay only Rs. 15 to Sm. Namita Sen. Ram Bachan Pandey also asked her to produce cash memo. Accordingly Sm. Namita Sen produced a cash memo. On the basis of that cash memo, Ram Bachan Pandey submitted a bill to the Society. The bill was passed by the Society. The allegation was that it was discovered that the cash memo, submitted to the Society by Ram Bachan was originally for Rs. 1.75 P. and that he changed the amount of Rs. 1.75 P. into Rs. 14.75 P. In this way he misappropriated Rs. 13. Accordingly a charge-sheet was issued against Ram Bachan Pandey and another charge-sheet was issued against Sm. Namita Sen. Ram Bachan submitted his explanation to the charge-sheet which was found to be unsatisfactory by the Society. Then an enquiry was ordered by the Society in regard to the charge against Ram Bachan. The enquiry was conducted by Shri Sitaram Kedia. Kedia came to the conclusion after the enquiry that Ram Bachan was guilty of the charges levelled against him. The Society then dismissed Ram Bachan Pandey from service. At the time of his dismissal a reference was pending before the Tribunal. At the relevant time in respect of the Society and its workmen, the Society filed an application under section 33(2) (b) of the Industrial Disputes Act before the Tribunal seeking approval to the action of dismissal that it had taken against Ram Bachan. Approval to the order of dismissal was accorded by the then Presiding Officer of the Tribunal. Thereafter Government was informed by the Union on behalf of Ram Bachan Pandey. Conciliatory attempts by the Labour Department having failed the present reference has been made by the Government to this Tribunal.

The first point for determination is whether the enquiry held by Shri Sitaram Kedia was fair and proper, and whether Shri Pandey was given full opportunity of defence by the enquiry officer. Ext. E is the enquiry proceedings. The Union has filed a written statement in this case alleging that the enquiry was neither fair nor proper, that Shri Ram Bachan Pandey was not allowed to put questions and that his statements were not properly recorded by the enquiry officer. Even though the above allegations were made by the Union at the first instance, the Society did not care to examine the enquiring officer in this case. P.W. 1 Shri Ram Bachan Pandey, the concerned workman, says that at the time of enquiry he made protests and that those protests were not noted down by the enquiring officer. The Society did not produce the enquiring officer to deny the allegations of Ram Bachan Pandey in affirmation. That being so the allegations of Ram Bachan Pandey on this point cannot be disbelieved. It has been proved in this case that at the time of enquiry the workman concerned made protests and that those protests were not recorded by the enquiring officer. It is therefore, clear that the enquiring officer did not give full opportunity to the concerned workman to defend himself. So I find that the enquiry that was held by Shri Sitaram Kedia was not fair and proper, and that he did not follow the principles of natural justice. Reliance cannot be placed on the enquiry proceeding as the enquiring officer did not come forward to say on solemn affirmation that he recorded the enquiry proceedings correctly. Ram Bachan was dismissed from service on the basis of the report submitted by the enquiring officer. But I find that the enquiry was not fair and proper. So in deciding the question as to whether the Society was justified in dismissing Ram Bachan Pandey, the enquiry proceedings should be left out of consideration. The Society, however, led evidence in order to prove that Ram Bachan was guilty of the charge levelled against him. The Society is legally entitled to adduce evidence before the Tribunal in order to prove that Ram Bachan was guilty of the charge. Ext. A is the charge-sheet in question. According to this charge-sheet Ram Bachan himself purchased the book

ıry 1965 at a price of Rs. 1.75 P. At the
f evidence it was admitted by the main
s of the Society that the book was not

Her clear evidence is that she herself

charge-sheet is baseless. It is, however, to

Bachan Pandey changed the figure of the

this interpolation had been there before

of Namita Sen that she purchased the book
cost of Rs. 25, and that Ram Bachan
promised to pay her Rs. 15 only. So, if
Bachan had promised to pay Rs. 15 to
a Sen, then the former had no reason to

Rs. 15. It may be that Namita Sen pur-
the book at a nominal price and that she

It is most probable that Namita Sen made

sed to pay Rs. 15 to Namita Sen for pur-
of the book. So Ram Bachan had no
to ask Namita Sen to produce a cash
of a lesser amount than Rs. 15. Consi-
all these facts it is difficult to think that
terpolation in the cash memo. was made by
Bachan Pandey. It is more probable that
terpolation was made by Namita Sen. It
efore probable that in order to conceal her

e duplicate cash memo. was for Rs. 1.75 P.
The duplicate cash memo. has not been
ed in this case. So no reliance can be
on the evidence of these two witnesses.
Even if it be taken that these two witnesses have spoken the truth, it cannot be said that Ram Bachan is guilty of misappropriation of the sum of Rs. 13, for, it is clearly proved in this case that the purchase of book was made by Namita Sen, and the cash memo. was obtained by her. The question is whether the evidence of Namita Sen should be believed or not. As I find that it is more probable that Namita Sen made the interpolation in the cash memo. question, it is not possible to rely on her evidence. Thus it has not been proved that Ram Bachan made the interpolation or that he is guilty of misappropriation of the Society's money. It may be that that according to the Society's rule Ram Bachan should have purchased the book. But that question cannot be gone into in this case. The Tribunal is limited to the charge that has been levelled against Ram Bachan Pandey. The Tribunal cannot go beyond the charge. In my opinion it has not been at all proved that Ram Bachan is guilty of the charge in question. On the other hand, the probability is that Namita Sen obtained money by producing forged cash memo.

In my opinion the Society was not at all justified in dismissing Ram Bachan Pandey. He is entitled to reinstatement and back wages.

It is, therefore, directed that the Marwari Relief Society shall reinstate Shri Ram Bachan Pandey in his former post of employment and pay him all back wages within one month from the date of publication of the award in the "Calcutta Gazette".

Whether termination of service of Shri Deo Narayan Rai by way of refusal of employment to him is justified ? To what relief, if any, is he entitled ?

On receipt of usual notices the parties appeared. The workman filed his written statement on 26th September 1969 and the Company filed its written statement on 25th November 1969. Preliminary steps having been taken the case was fixed for hearing. On 21st May 1970 the workman examined himself in support of his case and produced certain documents which were marked exhibits. The case of the Company is that th did not resume his duties for a long after the expiry of his leave. So it wa that he abandoned his job and a sub appointed. So when after 4 or 5 workman approached the Company sion to resume his duties he could n back.

It is admitted that no charge-sheet against the workman, there was no d quiry against him and no letter of dis served on him. As a matter of fact pany's case is that the services of th were not terminated but he abandone quished his service. In the decision Hakim Vs. Asia Publishing House, B ported in 1964 F. L. R. (9), 66 it has down that abandonment or relinquis service is always a question of inten normally, such an intention cannot be to an employee without adequate evide behalf. In the decision of Buckingham natic Company Ltd. and Venkatayya a reported in 1963 (2) L.L.J. 638, the Supreme Court has held that it is true common law an inference that an emp abandoned or relinquished service is drawn unless from the length of abs from other surrounding circumstances rence to that effect can be legitimate and it can be assumed that the employ ed to abandon service. So the onus that the employee abandoned or relinq service is on the employer. In order t that an employee abandoned the servic ployer must adduce evidence sufficient that conclusion. In order to discharge the Company has examined O.P.W. 1 S Khandelwal who is the Sales Manager Company. Shri Khandelwal says that t man did not report for his duty even expiry of the period of his leave. anything. Moreover, this pay register shows that even in respect of the month of November 1968 the name of Deo Narayan was entered but subsequently penned through. Deo Narayan on his part says that he resumed his duties after the expiry of the leave and worked for about 15/16 days. Thereafter the vehicle of the Company was kept idle on the alleged plea of non-availability of petrol and though he attended office regularly he was not given any work. He has not broken down in cross-examination. I found a ring of truth in the deposition of Deo Narayan. I am, therefore, satisfied that Deo Narayan reported for duty even after the expiry of the leave. So the Company was not justified in appointing a driver in place of Deo Narayan, on the wrong assumption that Deo Narayan abandoned or relinquished his job. Deo Narayan Rai is, therefore, entitled to reinstatement with back wages. It is admitted that Shri Deo Narayan Rai used to draw a salary of Rs. 200 per month. He is entitled to back wages up to his date of reinstatement. The award must be implemented by the Company within one month from the date of its publication in the "Calcutta Gazette".

AWARD

By order No. 39-I.R./IR/11L-622/67, dated the 6th January 1968, the Government of West Bengal, Labour Department, referred an industrial dispute existing between (1) Messrs. S. S. Optic Co. of 21/A Golap Sastri Lane, Calcutta-14, and (2) Messrs. Victor Optical Manufacturing Co., of 4 Hazzarimal Lane, Calcutta-14 (Proprietor of both the concerns : Shri A. Choudhury), on the one hand, and their workmen represented by Optical Workers' Association, 19/2A Pitambar Ghatak Lane, Calcutta-27 on the other, to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issues :

Issues

1. Wages and Dearness Allowances.
2. Leave and Holidays.
3. Working Hours and Overtime.
4. Whether the termination of employment of Sarvashri (i) Biswanath Sen, (ii) Kamal Santra, (iii) Haradhan Pal, (iv) Susil Kumar Das, (v) Keshabchandra Karmakar, and (vi) Bishnupada Saha is justified ? To what relief, if any, are they entitled ?

In response to the notices issued by this Tribunal, on receipt of the order of reference, the Union and the Company duly entered appearance in the case and filed their respective written statements therein on different dates. Then after the preliminary stages were over, the case was fixed on 2nd July 1969 and 3rd July 1969 for hearing. But on those dates the case could not be taken up as the Tribunal was preoccupied with another part-heard case and the case was adjourned to 13th August 1969 for hearing. Thereafter on the prayer of the parties the case had to be adjourned on several occasions, and ultimately it was fixed on 28th May 1970 for compromise or for hearing, and on that date (i.e., on 28th May 1970), the parties filed a joint petition stating that the dispute between them was amicably settled in terms of that joint petition and praying for passing an award accordingly. The joint petition of compromise is duly signed by the representatives of the parties and on a perusal thereof, I find that the terms incorporated therein are fa able and lawful. Hence, I accept the dispose of the case in terms of the joi of compromise making it a part of the an Annexure.

atter of an industrial dispute existing en Messrs. Indian Battery Mfg. Co. (P) 1 Acharya Jagadish Bose Road, Cal- 20, and their workman Shri Kshitish ra Sarkar, 86 Tiljala Road, Calcutta-39. No. 252 of 1969.)

Present for the Workman: Shri Rupendra Nath Mitra, Advocate.

By the Government of West Bengal, Labour Department, order No. 4829-I.R./IR/11L-433/69, dated the 7th July 1969, this industrial dispute between Messrs. Indian Battery Mfg. Co. (P) Ltd. and their workman Shri Kshitish Chandra Sarkar was referred to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

Whether the termination of service of Shri Kshitish Chandra Sarkar is justified? What relief, if any, is he entitled to?

Notices were duly served on the parties, and they made appearance and filed their respective written statement. The workman filed documents with lists. On 16th February 1970, the date fixed for hearing of the case, both the parties appeared and filed a joint petition stating that a talk of compromise between the parties was on progress, and that they prayed for an adjournment for the materialisation

of the negotiation for an amicable settlement of the dispute. The prayer was allowed. Subsequently another adjournment was granted on the same ground. Ultimately, on 2nd March 1970, both the parties appeared and joint petition of compromise embodying therein the terms of settlement.

The terms of settlement, in brief, are as follows :—

(a) The workman accepts the termination of service as valid.

(b) The Company shall pay Rs. 615 to the workman in two instalments in full and final settlement of all claims of the workman against the Company.

(i) Out of Rs. 615 the Company has already paid Rs. 325 to the workman by cheque and the workman received the same by granting receipt therefor.

(c) The Company shall pay the balance Rs. 290 to the workman by way of second instalment on or before the 30th April 1970 in presence of the Tribunal.

(d) In case the Company failed to pay the amount of second instalment within the date fixed, and in case the cheque issued by the Company in respect of the first instalment proved dishonoured, then the Tribunal would pass an award directing the Company to pay the full amount of settlement, i.e., Rs. 615, to the workman. In case the cheque is found to be genuine, the Tribunal would direct payment of Rs. 290 only.

The Tribunal fixed 30th April 1970 for final orders. Neither the Company nor the workman appeared on that date and took any steps. The Tribunal suo motu waited for some days but to no purpose.

The workman does not report that he could not encash the cheque granted by the Company. So it is presumed that he received the first instalment amounting to Rs. 325.

In the circumstances, according to the joint petition of compromise, I direct that the Company shall pay Rs. 290 to the workman Shri Kshitish Chandra Sarkar within one month from the date of publication of this award in the "Calcutta Gazette".

AWARD

The present application was filed by one Shri Pashupati Singh according to the provisions of the section 33A of the Industrial Disputes Act. He has alleged that an industrial dispute is pending between the Company and its workmen. He had been working as a permanent lorry driver of the Company on a monthly salary of Rs. 160. Subsequently he became a member of the Howrah North Engineering Mazdoor Sangh. The Company adopted all sorts of unfair labour tactics with a view to wrecking the Union. On 21st May 1969, one Saha Babu, who notes the attendance and looks after the vehicle department, called the applicant and informed him that Shri Ramji Sharma, Manager of the Company, had called him. After being so informed, he went to Shri Sharma, who told him to put his signature or thumb impression on a letter which contained statements that he had no grievances against the Company, he was not a member of the Union and he had no dispute pending before the Tribunal. He refused to sign the same. On 29th May 1969 he was illegally refused employment. Hence the prayer is for reinstatement with full back wages.

The Company has filed a written statement stating that Pashupati Singh was never an employee of the Company. He is absolutely a stranger and there is no relationship of master and servant between the parties. The case is not a true one and so he is not entitled to any relief.

The learned Lawyer appearing on behalf of the petitioner has contended that the Tribunal should believe the oral evidence given by the P.W. 1 Pashupati Singh (applicant) and his other witnesses. Reliance has been placed on the provisions of section 114 of the Evidence Act. It has been contended that the evidence of the Company's witnesses shows that it has many employees but the Company has not produced the entire documentary evidence to show that Pashupati Singh was never a driver of the Company. For such non-production of the documentary evidence, the Tribunal should draw an adverse inference against the Company and that the petitioner's version is the true one.

AWARD

By the Government of West Bengal, Labour Department, order No. 7719-I.R./IR/10L-318/69, dated the 29th September 1969, an industrial dispute existing between Messrs. Ramesh Prosad Kali Prosad Pvt. Ltd., 2 Belur Road, Liluah, Howrah and their workman Shri Ananta Kumar Mitra, 19 Tamer Lane, Calcutta-9, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue :

Issue

'Whether the termination of service of Shri Ananta Kumar Mitra by way of refusal of employment to him, is justified ? To what relief, if any, is he entitled ?'

On receipt of the reference, usual notices were issued to the parties fixing 18th November 1969 for their appearance. On 18th November 1969,

the workman made his appearance but the Company was found absent though the notice upon the Company had been duly served. Accordingly, 4th December 1969 was fixed for filing written statement by the workman. On 4th December 1969, neither of the parties was present and 18th December 1969 was again fixed for filing written statement by the workman. On 18th December 1969, the workman filed written statement in triplicate but the Company was absent and the case was ordered to be put up on 17th January 1970 for orders. But on 17th January 1970 and also on the subsequent date, i.e., 27th February 1970. the Company was found absent and 24th April 1970 was fixed for hearing. On 24th April 1970. the workman was present but the Company was found absent and in the circumstances, the case was heard ex parte in the absence of the Company.

In this case, the workman has examined himself as P.W. 1. His case is that he was an employee as a Typist-cum-Clerk under the Company, Messrs. Ramesh Prosad Kali Prosad Pvt. Ltd., that the Company on 4th December 1967 illegally refused employment to the workman without any reason or notice, that the workman then made a representation to the Management but the Management did not care to reply to the said representation and that the workman ultimately, had to approach the Labour Commissioner but the Management did not care to attend the conciliation meetings arranged by the Labour Commissioner. Upon these grounds, the workman contends that the termination of his service by way of refusal of employment is illegal and unjustified and claims reinstatement with full back wages. The workman P.W. 1 says that he was an employee of the Company for about 11 years on a monthly salary of Rs. 130 per month, that the Company refused employment to him with effect from 4th December 1967 without notice or reason and that the workman has not committed any misconduct or wrong. This P.W 1 who has not been cross-examined and whom I do not find any reason to disbelieve has clearly proved the above case of the workman. It appears from the evidences on record that the Company has terminated the service of the workman with effect from 4th December 1967 arbitrarily and without any justification. Accordingly, I am of opinion that the termination of the workman's service by way of refusal of employment is illegal and unjustified. The first part of the issue is thus disposed of.

With regard to the second part of the issue, namely, to what relief, if any, the workman is entitled, it has been found above that the workman's service has been terminated with effect from 4th December 1967 and that this termination is unjustified. Accordingly, the workman is entitled to reinstatement with effect from 4th December 1967 with full back wages.

This is my award. This disposes stant reference.

AWARD

By order No. 474-I.R./IR/10L-91/65, dated the 7th February 1966, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. National Iron and Steel Company Ltd., Belur, Howrah and their workmen represented by NISCO Karmachari Sangha, 28 Ramnabami Tala Lane, Bally, Howrah, to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue :

Issue

"Is Shri Prohlad Bhuiya entitled to production bonus in accordance with the Company's existing bonus scheme ? If so, what would be the total amount due to him on this account ?

After the filing of the written statements by the Union and the Company and after all the preliminary steps were taken by them, the case was fixed on 21st November 1968 for hearing. On that date the Company prayed for an adjournment and thereafter also several adjournments were taken by the parties on various pleas. Then the case was fixed on 12th February 1970 for hearing, and on that date the Company filed a petition for the first time stating that a talk of settlement was going on between the parties and praying for some time to finalise that talk. Time was allowed for that purpose and the case was fixed on 27th February 1970 for reporting compromise. But no settlement was arrived at between the parties on that date and the case was again adjourned to 25th March 1970 for hearing. Thereafter again some adjournments were taken by the parties for effecting a compromise and also on other grounds and ultimately on 26th May 1970 a joint petition was filed by the parties together with a copy of a Memorandum of Settlement. In that joint petition it has been stated that the dispute between the parties has been amicably settled in terms of the aforesaid Memorandum of Settlement and a prayer has been made for passing an award accordingly. The joint petition is duly signed by the representatives of the parties and so also the Memorandum of ment. I have perused the joint petition promise and also the Memorandum of ment and find that the terms thereof a reasonable and lawful. Hence, I accept th and dispose of the reference in terms joint petition of compromise, which t with the Memorandum of Settlement do part of the award as Annexures.

In the matter of an industrial dispute between Messrs. S. A. E. (India) Ltd., 2-B Victoria Terrace, Calcutta-17 and their Drivers represented by Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly, 19/2A Pitambar Ghatak Lane, Calcutta-27. (Case No. VIII-464 of 1969.)

For the Union : Shri H. L. Roy, Advocate.

The industrial dispute between Messrs. S. A. E. (India) Ltd., and their Drivers represented by Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly has been referred to this Tribunal for adjudication by order No. 8512-I.R./IR/11L-332/69, dated 5th November 1969, of the Government of West Bengal, Labour Department with the following issues :

Issues

(1) Grades and Scales.
(2) Dearness Allowance.
(3) Tiffin Allowance.
(4) Gratuity Scheme.

The Company has raised the preliminary objections that the reference is incompetent and that this Tribunal has no jurisdiction to adjudicate over the referred dispute on three grounds.

The first ground is that in this case men concerned did not raise any di the management and as such the refe competent as laid down by their Lords Supreme Court in the case of Sindh ment Corporation Ltd., reported in S. C. page 529, as well as in 1968 Vol. I The second ground is that no proper proceedings was held in this case as of the conciliation meetings reached th ment after the dates expired and as failure report of the conciliation office in law and no reference should have bee this Tribunal on the basis of such re third ground is that the Union which h ed the cause of the drivers is an outs of which the majority of the workers of pany are not members and as such has no representative character to industrial dispute. I shall deal with jections one by one.

So far as the first objection is concer to be noted that in this case the Union dispute with the management regarding referred to this Tribunal for adjudicat Ext. A). It has been contended by the Lawyer for the Company that the themselves should have raised this dis not the Union as laid down by their Lord the Supreme Court in the case of Sindhu ment Corporation Ltd., reported in L.L.J., page 834. This contention of the Lawyer is not correct. At page 839 of th their Lordships of the Supreme Court as follows :—

"Thus, both respondents, in their d forward before the managemen appellants, requested for payme trenchment compensation and did any dispute for reinstatement. such dispute about reinstatem raised by either of the Respondent the management of the appella clear that the State Government competent to refer a question of ment as an industrial dispute fo cation by the Tribunal."

Now one of the Respondents was the (Respondent No. 3). Respondent No. 2 Union (vide the copy of the judgemen clear from above that their Lordships the opinion that if the Union would ha the dispute regarding reinstatement management, then the reference would competent.

In the Ruling "Management of Woollen Cotton and Silk Mills Co. Ltd. Workmen and another" reported in A.I Supreme Court, page 585, their Lordshi Supreme Court, at page 594 of the report, that it will always be open in proper the Union to raise an "industrial dispute

ion is defined in section 2(k) of the Indus- isputes Act, and if such a dispute is refer- the Government concerned for adjudica- he Industrial Tribunal will have jurisdic- adjudicate upon the same. So the first ion of the Company is overruled.

rding the second objection, the learned for the Company relied on the ruling, Lamp Works, Patna, versus Workmen of Lamp Works, Patna and another" report- 1970, I, L.L.J., page 507 and argued that e was no proper conciliation meeting in se, the report of the conciliation officer formed the basis of this reference was bad and as such the present reference is bad ompetent. The question which was moot- re their Lordships of the Supreme Court ruling referred is given by their Lordships ws :—

e contention which counsel for the man- gement argued before us was that there were no conciliation proceedings before he conciliation officer, and that there- ore, the failure report made by him to he Government was not true. Conse- quently there was no valid report before he Government which could be the basis f the reference in question."

Lordships of the Supreme Court found that there was valid conciliation proceed- that case and and as such rejected the ion of the learned Counsel for the man- t. So their Lordships did not express nion as to the correctness or otherwise of tention raised by the learned Counsel for nagement in that case.

is case, facts show that there was no tion proceedings. The Labour Officer he letter Ext. B to the Company on 26th 1969 requesting them to send a compe- presentative to attend the conciliation to be held on 29th August 1969 at 4-30 he date stamp of receipt on this letter hat the Company received it on 1st Sep- 1969 and the letter Ext. C/1 shows that npany informed the Labour Officer that uld not take any action as they received r Ext. B on 1st September 1969. The Officer by Ext. B/1 requested the Com- send a competent representative to conciliation meeting to be held on 13th 1969. The date stamp of receipt on Ext. ws that the Company received it on 14th 1969 and the letter Ext. C shows that the y informed the Labour Officer that they t take action as the letter Ext. B/1, was by them on 14th August 1969. In the ances, on facts, it must be held that s no conciliation proceedings in this case. stion is whether on this ground it may hat the present reference is incompetent.

portance of the report of the conciliation ill appear from sub-sections (4) and (5) of section 12 of the Industrial Disputes Act, 1947. The two sub-sections run as follows :

"(4) If no such settlement is arrived at, the conciliation officer shall, as soon as practicable after the close of the investigation, send to the appropriate Government a full report setting forth the steps taken by him for ascertaining the facts and circumstances relating to the dispute and for bringing about a settlement thereof, together with a full statement of such facts and circumstances and the reasons on account of which, in his opinion, a settlement could not be arrived at.

(5) If, on a consideration of the report referred to in sub-section (4) the appropriate Government is satisfied that there is a case for reference to a Board (Labour Court, Tribunal or National Tribunal) it may make such reference. Where the appropriate Government does not make such a reference, it shall record and communicate to the parties concerned its reasons therefor."

It is clear from above that the report of the conciliation officer is the material before the Government for forming an opinion as to whether there is a case for making a reference to the Tribunal under section 10(1) of the Industrial Disputes Act, 1947. In the present case there was no conciliation proceedings and consequently no material before the Government for forming an opinion as to whether there was a case for making this reference under section 10(1) of the Industrial Disputes Act, 1947. The present reference has, therefore, been made in violation of section 12 sub-sections (4) and (5) of the Industrial Disputes Act, and is without basis and incompetent.

Regarding the third objection the facts of this case which were elicited in the depositions of the witnesses are as follows :

At the head office of the Company situated at 2-B Victoria Terrace, Calcutta, about 200 workers are employed. Of these, there were only six drivers at the relevant time. There is a Union of workers at 2-B Victoria Terrace, Calcutta Branch of the Company but the drivers are not members of that Union. The Union which raised the present dispute is admittedly an outside Union. There is no separate Union of the drivers in the Company. So the drivers of the Company working at 2-B Victoria Terrace, Calcutta, became members of this outside Union known as Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly. The question is whether the support of this outside Union can convert the dispute raised by the six motor drivers working at the head office of the Company at 2-B Victoria Terrace, Calcutta, into an industrial dispute. In the Ruling—Workmen of Indian Express Newspaper (P) Ltd., versus Management of India Express Newspaper (P) Ltd., reported in A.I.R. 1970 S.C., page 737, their Lordships of the Supreme

Court after reviewing the earlier cases laid down the law in this respect as follows :

> "..... lastly, that there the workmen of an establishment have no Union of their own and some or all of them have joined a Union of another establishment belonging to the same industry, if such a Union takes up the cause of the workmen working in an establishment which has no Union of its own, the dispute would become an industrial dispute if such a Union can claim representative character in a way that its support would make the dispute an industrial dispute."

In the present case the workmen of the Company numbering about 200 working at 2-B Victoria Terrace, Calcutta, have a Union of their own. The outside Union is joined by only six drivers working at 2-B Victoria Terrace, Calcutta, who do not make a substantial number of workmen working at 2-B Victoria Terrace, Calcutta. So the outside Union in the present case can have no representative character to convert the dispute raised by six drivers into an industrial dispute in view of the Ruling quoted above. In this case, therefore, there is no industrial dispute and as such this Tribunal has no jurisdiction to adjudicate over the dispute referred to it for adjudication.

This is the award of the Tribunal.

The only question that remains to be

s already been pointed out that 3 (three)
domestic enquiries were held against Shri
Bistu, Shri Saral Kumar Dey and Shri
Dutta and a joint domestic enquiry was
inst Shri Pradip Kumar Dey and Shri
Debnath. I shall take up these 4 (four)
enquiries one by one.

shoke Kumar Bistu, the workman No. 1
, has examined himself as P. W. 2. His
s are that in the domestic enquiry he was
opportunity to cross-examine the witnesses
mpany and on the proceeding being read
m he found that the recording was not to
action. He also found that his statement
correctly recorded. In cross-examination
that though he was given opportinuty to
ine the witnesses of the Company he was
full liberty to cross-examine these witnesses.
r adds that the enquiring officer dictated
which he was to cross-examine the Com-
tnesses. Lastly he says that subsequently
on sent a written complaint to the Com-
he was not given full opportunity to cross-
he Company's witnesses. The Company
mined Shri P. K. Mukherjee who
domestic enquiry. He says that
delinquents were given full opportunity
xamine the Company's witnesses. Though
Shri Bistu says that their Union sent a written complaint to the Company that he was not given full opportunity to cross-examine the Company's witnesses. Curiously that letter has not been produced. The proceeding in respect of the domestic enquiry against Shri A. Bistu is Ext. A. The main witness on behalf of the Company in this proceeding was Shri S. N. Ghosh. It appears from pages 5 and 6 that Shri Bistu cross-examined Shri S. N. Ghosh in details. It may be that the enquiring officer disallowed irrelevant cross-examination of Shri S. N. Ghosh but that does not vitiate the proceeding. It further appears that the second witness Shri Jagadish Ram and the third witness Shri Mahabir Singh were also cross-examined by Shri Ashoke Bistu. Shri Bistu also examined his witness Shri Biswanath Sardar and also made his own statement. I see nothing irregular and I do not think that the proceeding against Shri Bistu was inviolation of the principles of natural justice. Ext. A1 is the finding of the enquiring officer in respect of the domestic enquiry against Shri Ashoke Bistu. It is a lengthy piece of document and the finding is supported by reasons. Next comes the workman No. 2 Shri Saral Kumar Dey. Shri Dey has examined himself as P. W. 3. He admits that there was a domestic enquiry against him. According to him the last date of enquiry was 28th September 1967 but no enquiry was held on that day and he was asked to see the Manager in the Head Office. The next date of enquiry was not intimated to him when he reached the Head Office he was asked to sign the statement accepting the truth of the allegation made in the charge-sheet on condition that he would be reinstated but he refused to sign that statement and was told that he would be informed later. He lastly says that the witnesses of the Company were not examined in his presence. He admits in cross-examination that before 28th September 1967 he attended the domestic enquiry on 2/3 occassions and could not attend it on 2 other occassions. He says that he does not know if the Company's witnesses were examined before 28th September 1967. He denies that the Company's witnesses named Mr. D. Creix, Shri S. N. Ghosh, Shri J. Ram and Shri M. Singh were examined in his presence. In cross-examination he denies the allegation that though he was given opportunity to examine defence witnesses he did not examine any. Shri P. K. Mukherjee says in examination-in-chief that Shri S. Dey stated that his only witness was his wife. But as Shri Dey did not bring his wife, the enquiring officer told him that the enquiring officer was not in a position to wait. In page 2 of the proceeding against Shri Dey (Ext. D) it appears that the enquiring officer rejected the prayer of Shri Dey to produce his wife as a witness. The finding against Shri Dey is Ext. D 1. Shri P. K. Mukherjee admits in cross-examination that Shri Dey wanted to examine his wife as a witness but he refused to examine her because the incident took place inside the factory. But Saral's wife was then in his house and as such she could not have any knowledge of the incident. This step of the enquiring officer is totally unjustified. Admittedly the incident took place near the offce of the Company. It is also admitted that the wife of Shri Dey lives in his house. But it cannot be said that there was any prohibition against the wife of Shri Saral Dey coming near the office of the Company. It might also be that if examined the wife of Shri Dey could

have stated that at the time of the alleged incident namely the assault of Shri S. N. Ghosh, her husband Shri Dey was in his house and nowhere near the factory. So when the enquiring officer thought that as the incident took place near the office of the Company and as the wife of Shri Dey used to live in the house of the latter she could not have any knowledge of incident, the enquiring officer not only prejudged but misjudged as to what the wife of Shri Dey would have deposed. It is apparent, therefore, that Shri Dey was not allowed to examine his witness in his defence. That being so, the proceeding against Shri Dey was in violation of the rules of natural justice. The dismissal of Shri Dey is, therefore, illegal.

Then comes the case of Shri Madan Dutta, the workman No. 3 in the list. Shri Dutta has examined himself as P. W. 1. His case is that his dismissal is an instance of victimisation and unfair labour practice. According to him he took an active part in the workmen joining the Union formed by the workmen of the Company in May 1967 and for taking this active part in the Union activities the Company falsely implicated him in the incident alleged to have taken place on 27th July 1967. His next allegation is that though he took his witnesses to the domestic enquiry his witnesses were not allowed to enter into the place of enquiry. He adds that he sent a letter to the Company naming two witnesses and requesting the Company to grant leave to those witnesses so that they might depose. But the Company did not grant leave to those 2 witnesses. Lastly he says that he was not given opportunity to cross-examine the witnesses of the Company and his statement was not read over to him after it was recorded and that there were some blanks in the proceeding. It is also alleged by him that he wanted a copy of the proceeding but was not given any. It appears from the documents that Shri Dutta named two witnesses namely Shri K. P. Chakraborty and Shri K. S. Dey. It further appears from the proceeding of the domestic enquiry against Shri Dutta (Ext. B) that those two witnesses were examined on his behalf. He has not produced any document to show that he was a protected workman. It further appears from Ext. B that Shri Dutta cross-examined Shri D. Creix, Shri S. N. Ghosh and Shri J. Ram examined on behalf of the Company. From the proceeding (Ext. B) it further appears that the statements of the witnesses were read over in presence of the witnesses and Shri Dutta and an independent observer namely Shri B. Maitra. Shri Dutta refused to put his signature below the statements recorded. It may be that Shri Dutta wanted a copy of the proceeding but was not granted any. Non supply of the copy of the proceeding will not invalidate the domestic enquiry. I do not believe that the Company's witnesses were not examined in presence of Shri Dutta. As a matter of fact Shri Dutta cross-examined all the Company's witnesses. In cross-examination he admits that he has nothing in writing to prove that there were blank spaces in the proceeding. I have carefully gone through the proceeding and I have not found any blank space in it. The enquiry against Shri Dutta appears to be valid.

Lastly comes the joint enquiry against Shri Pradip Kumar Dey and Shri Gouranga Debnath. Shri P. K. Dey is P.W. 4. His only is that the witnesses of the Company examined in his presence. Shri G. Debnath i He says that he was not allowed to enter of enquiry and the Company's witnesses examined in his presence. Ext. C is the p against Shri G. Debnath and Shri P. K. De it we see that both Shri Debnath and declined to cross-examine Mr. D. Creix on behalf of the Company. The next w the Company Shri S. N. Ghosh was cross- both by Gouranga and by Pradip. Th examination of the third witness of the Shri J. Ram was declined both by Goura by Pradip. The 4th witness of the Comp Mahabir Singh was cross-examined by Prad allegation of Gouranga and Pradip that th not allowed to cross-examine the witnesse Company is not true.

The learned Lawyer for the Union arg the findings of the enquiring officer in all th ceedings are perverse, because the enquiring was biased as he put the onus on the de to prove their innocence and because the e officer came to his conclusion on material are absolutely unsatisfactory. I have very c gone through the proceedings. It does not that the enquiring officer put the onus on th quents to prove their innocence. From the e adduced by the Company's witnesses the e officer has come to the conclusion that the quents assaulted Shri S. N. Ghosh on 27t 1967. It has been laid down in the decision in 1958(1) LLJ. 260 that a Tribunal can only (1) when there is want of good faith, (2 there is victimisation or unfair labour p (3) when the management was guilty of a error or violation of a principle of natural and (4) when on the materials the finding is pletely baseless or perverse. As the Trib not an appellate authority over the findings domestic enquiry it can interfere only on the 4 circumstances. The learned Advocate ap for the Union alleges that there was want of faith on the part of the Company, as the enq officer was biased and put the onus on the quents. I have found that this allegation true. The learned Lawyer for the Union argues that so far as Shri M. Dutta is con his dismissal is an instance of victimisation unfair labour practice. He submits that as Dutta took a leading part in making the wo of the Company to join the Union formed by workmen of the Company in May 1967 the pany falsely implicated him in the alleged in There is nothing to prove that Shri M. Dutta a leading part in persuading his co-workmen their newly formed Union. Moreover, f evidence in the domestic enquiry it is fou he has been rightly held to have particip the assault on Shri S. N. Ghosh on 27th Ju So the dismissal of Shri Madan Dutta ca said to be an instance of victimisation o labour practice. Thirdly it has been held proceeding against Shri Saral Dey is invalid Dey was not allowed to examine his wit the enquiring officer who thus violated a p of natural justice. The dismissal of Shri not valid. Lastly it is argued by the

for the Union that the findings of the fficer in all these proceedings are based ender and as such, very unsatisfactory The Tribunal can interfere only if the baseless in otherwords interference by al is possible only when there is no evi- ustain the charge. The Tribunal cannot rement over the finding of the enquiring the ground that the evidence is slender actory. There is a difference between a supported by any legal evidence and a ich may appear to be not supported by r adequate or satisfactory evidence. The that the findings are not supported by r sufficient evidence is no justification ibunal to interfere. It can interfere only is no evidence at all in support of the ut in this case there is sufficient evidence the charges against all the delinquents.

of the above findings the dismissal of inquents except Shri Saral Kumar Dey d. Their dismissal will take effect from on which the order of dismissal was them or the dates on which the said order was tendered to and refused by them. So far as Shri Saral Kumar Dey is concerned his dismissal is set aside. The Company is directed to reinstate Shri Saral Kumar Dey and pay him his back wages up to the date of reinstatement. So far as other delinquents are concerned the Company is directed to pay their wages up to the date or dates on which their dismissal takes effect. The Company must implement the above award within one month from the date of its publication of the "Calcutta Gazette".

THE COMMISSIONERS FOR THE PORT OF CALCUTTA

Notification

IN accordance with the provisions of sub-section (4) of section 126 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), the following amendment to By-law No. 55A which the Commissioners' propose to incorporate in the bylaws for the Port of Calcutta is hereby published for general information:

Amendment to By-law No. 55A

"No clearing agent shall without obtaining a clearing agency licence from the Traffic Manager, transact any shipping, clearing or forwarding business within the port area.

The Traffic Manager may, before the issue of such a licence, ask the clearing agent to satisfy him that the applicant has already obtained the requisite licence from the Customs authorities and also call upon the clearing agent to furnish a bond with a security deposit of Rs. 500 as a guarantee for (a) the faithful and proper behaviour of himself and of his sircars, clerks, servants or agents in regard to compliance with the Port rules, by-laws and other regulations of the Commissioners for the time being in force, and all other statutory provisions and (b) making payment immediately on demand of any of the Commissioners' dues on consignments shipped, cleared or forwarded as the case may be and of all sums due to the Commissioners on such consignments. The Traffic Manager may, if he is satisfied about the misbehaviour of a clearing agent or any of his sircars, clerks, servants or agents or about the nonfulfilment of any of the terms or conditions herein contained, suspend, withdraw or revoke the clearing agency licence issued to him, and, also if necessary, apply the security deposit of Rs. 500 towards the recovery of any sum due to the Commissioners in respect of any transaction done by the said clearing agent or his sircars, clerks, servants or agents.

The Traffic Manager, before cancellation, withdrawal or revocation of a licence, will give the clearing agent concerned an opportunity of being heard and record in writing the reasons for cancellation, withdrawal or revocation of the licence and also communicate the same to the said clearing agent.

The procedure laid down above, with the exception of making a security deposit and adjustment of any undercharges due against such deposit, will also be applicable to any exporter or importer doing the shipping, clearing or forwarding of his own consignments within the port area without employing an outsider as a clearing agent."

To ensure that only firms of standing and repute transact shipping, clearing or forwarding business within the port area, it has been decided to grant clearing agency licences only to those clearing agents who hold licences from the Customs as well.

The proposed by-law will be submitted to the Government of India for confirmation on the expiry of fourteen days after the first publication of this notificatin in the State Gazette and comments or criticism, if any, with regard thereto received by the undersigned within that period will be considered.

The 22nd October 1970.

THE COMMISSIONERS FOR THE PORT OF CALCUTTA

Notification

IN accordance with the provisions of sub-section (4) of section 126 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), the following amendment to By-law No. 55A which the Commissioners' propose to incorporate in the bylaws for the Port of Calcutta is hereby published for general information:

Amendment to By-law No. 55A

"No clearing agent shall without obtaining a clearing agency licence from the Traffic Manager, transact any shipping, clearing or forwarding business within the port area.

The Traffic Manager may, before the issue of such a licence, ask the clearing agent to satisfy him that the applicant has already obtained the requisite licence from the Customs authorities and also call upon the clearing agent to furnish a bond with a security deposit of Rs. 500 as a guarantee for (a) the faithful and proper behaviour of himself and of his sircars, clerks, servants or agents in regard to compliance with the Port rules, by-laws and other regulations of the Commissioners for the time being in force, and all other statutory provisions and (b) making payment immediately on demand of any of the Commissioners' dues on consignments shipped, cleared or forwarded as the case may be and of all sums due to the Commissioners on such consignments. The Traffic Manager may, if he is satisfied about the misbehaviour of a clearing agent or any of his sircars, clerks, servants or agents or about the nonfulfilment of any of the terms or conditions herein contained, suspend, withdraw or revoke the clearing agency licence issued to him, and, also if necessary, apply the security deposit of Rs. 500 towards the recovery of any sum due to the Commissioners in respect of any transaction done by the said clearing agent or his sircars, clerks, servants or agents.

The Traffic Manager, before cancellation, withdrawal or revocation of a licence, will give the clearing agent concerned an opportunity of being heard and record in writing the reasons for cancellation, withdrawal or revocation of the licence and also communicate the same to the said clearing agent.

The procedure laid down above, with the exception of making a security deposit and adjustment of any undercharges due against such deposit, will also be applicable to any exporter or importer doing the shipping, clearing or forwarding of his own consignments within the port area without employing an outsider as a clearing agent."

To ensure that only firms of standing and repute transact shipping, clearing or forwarding business within the port area, it has been decided to grant clearing agency licences only to those clearing agents who hold licences from the Customs as well.

The proposed by-law will be submitted to the Government of India for confirmation on the expiry of fourteen days after the first publication of this notification in the State Gazette and comments or criticism, if any, with regard thereto received by the undersigned within that period will be considered

[RT VI—Bills introduced in Parliament of India; Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament

LOK SABHA

The following Bill was introduced in Lok Sabha on the 13th March, 1970:—

BILL NO. 105 OF 1969

A Bill further to amend the Reserve Bank of India Act, 1934 and the Banking Regulation Act, 1949.

BE it enacted by Parliament in the Twentieth Year of the Republic of India as follows:—

CHAPTER I

1. This Act may be called the Banking Laws (Amendment) Act, 1969. **Short title.**

CHAPTER II

AMENDMENT TO THE RESERVE BANK OF INDIA ACT, 1934

2 of 1934. **2.** In section 2 of the Reserve Bank of India Act, 1934 (hereinafter in this Chapter referred to as the principal Act),— **Amendment of Section 2.**

(*i*) in clause (*ciii*), after the words "a primary agricultural credit society", the words "and a salary earners' credit society" shall be inserted;

(*ii*) in clause (*civ*), after the words "a primary agricultural credit society", the words "and a salary earners' credit society" shall be inserted; and

(*iii*) after clause (*d*), the following clause shall be inserted, namely:—

'(*dd*) "salary earners' credit society" means a co-operative society,—

(*1*) the primary object or principal business of which is the transaction of banking business;

(*2*) the membership (excluding nominal/associate membership) of which is limited to the salary earners of particular organisation or trade; and

(*3*) the bye-laws of which do not permit admission of any other co-operative society as a member.'

CHAPTER III

AMENDMENT OF THE BANKING REGULATION ACT, 1949

Amendment of Section 3.

3. In section 3 of the Banking Regulation Act, 1949, after clause (*b*), the following clause shall be inserted, namely:— 10 of 1949.

"(*bb*) a salary earners' credit society;".

STATEMENT OF OBJECTS AND REASONS

The employees' co-operative credit societies, serving the poor middle class people for nearly half a century by providing them with cheap and easy credit for social needs and protecting them from the clutches of the usurers, have always stood on their own feet without any outside help or Government backing. These societies are procuring capital from their members and non-members who are very closely related to members and intimately known to one another. A bulk of the deposit comes from such non-members.

The Banking Regulation Act, 1949, coming into force from 1st March, 1966, in terms of the Banking Laws (Application to Co-operative Societies) Act, 1965 has given a death blow to such societies. According to this Act, all credit societies, having share-capital and reserve fund of rupees one lakh and over and accepting deposits from non-members have become co-operative banks and have to fulfil various provisions similar to those applicable to big commercial banks. Amongst others the vital provisions are to keep cash reserve and liquid cover of 28 per cent. of the total deposits and submission of periodical returns requiring expert knowledge which can only be done at the cost of increased expenditure on establishment head by 20 per cent. The societies can neither keep 28 per cent. of their borrowed capital blocked without earning interest nor can they refund their entire non-members' deposits to get declared as non-banking institution, as both processes will lead to total stoppage of their business for want of funds.

The West Bengal State Legislature amended in 1966 the State Co-operative Societies Act so as to accommodate the non-members depositors through "nominal/associate membership" thereby treating their deposits as member deposits. Many other State Legislatures had passed similar laws long back as they considered such deposits indispensable for running the societies.

The Reserve Bank of India which has the authority to enforce the Banking Regulation Act, 1949, originally agreed to the above position but subsequently backed out and is not agreeing to acknowledge the deposits of the nominal/associate members as members deposits. On the basis of the figures agreeable upto 30th June, 1967, there are 74,85,000 members in all of the Urban Co-operative Credit Societies all over India, out of which 41,11,000 members have taken loan from these societies. This indicates the hugeness of middle class population involved in it. As regards the financial aspects of the Urban Co-operative Credit Societies, it may be stated insofar as the whole of India is concerned, of the total deposits amounting to rupees 194 crores an amount of rupees 72 crores is made of non-members' deposits forming about 36 per cent. of the total deposits. The affected societies have, since the Act came into force, been trying to go out of the purview of the Act.

The object of the Bill is to remove the difficulties experienced by the employees co-operative credit societies by amending the Reserve Bank of India Act, 1934 and the Banking Regulation Act, 1949.
